Film Music: A History James Wierzbicki, 2009-01-21 Film Music: A History explains the development of film music by considering large-scale aesthetic trends and structural developments alongside socioeconomic, technological, cultural, and philosophical circumstances. The book's four large parts are given over to Music and the Silent Film (1894-1927), Music and the Early Sound Film (1895-1933), Music in the Classical Style (Hollywood Film, 1933-1960), and Film Music in the Post-Classic Period (1958-2008). Whereas most treatments of the subject are simply chronicles of great film scores and their composers, this book offers a genuine history of film music in terms of societal changes and technological and economic developments within the film industry. Instead of celebrating film music masterpieces, it deals logically and thoroughly with the complex machine whose smooth running allowed those occasional masterpieces to happen and whose periodic adjustments prompted the large-scale twists and turns in film music's path. Robert I. Curtis, 2024-03-28 The creation of the Confederate States of America and the subsequent Civil War inspired composers, lyricists, and music publishers in Southern and border states and even in foreign countries to support the new nation. Confederate imprint sheet music articulated and encouraged Confederate nationalism, honored soldiers and military leaders, comforted family and friends, and provided diversion from the hardships of war. This is the first comprehensive history of the sheet music of the Confederacy. It covers works published before the war in Southern states that seceded from the Union and those published during the war in Union-occupied capitals, border, and Northern states and foreign countries. It is

also the first work to examine the contribution of postwar Confederate themed sheet music to the South's response to its defeat to the creation and fostering of Lost Cause themes and to the promotion of national reunion and reconciliation

Nationalizing Blackness Robin Dale Moore, 1998-01-15 The 1920s saw the birth of the tango the jazz craze bohemian Paris the Harlem Renaissance and the primitivists It was a time of fundamental change in the music of nearly all Western countries including Cuba Significant concessions to blue collar and non Western aesthetics began on a massive scale making artistic expression more democratic In Cuba from about 1927 through the late thirties an Afro-Cubanophile frenzy seized the public Strong nationalist sentiments arose at this time and the country embraced afrocubanismo as a means of expressing such feelings Black street culture became associated with cubanidad Cubaness and a movement to merge once distinct systems of language religion and artistic expression into a collective of national identity Nationalizing Blackness uses the music of the 1920s and 1930s to examine Cuban society as it begins to embrace Afro-Cuban culture Moore examines the public debate over degenerate Africanisms associated with comparsas or carnival bands similar controversies associated with son music the history of blackface theater shows the rise of afrocubanismo in the context of anti imperialist nationalism and revolution against Gerardo Machado the history of cabaret rumba an overview of poetry

painting and music inspired by Afro-Cuban street culture and reactions of the black Cuban middle classes to afrocubanismo. He has collected numerous illustrations of early twentieth century performers in Havana many included in this book. *Nationalizing Blackness* represents one of the first politicized studies of twentieth century culture in Cuba. It demonstrates how music can function as the center of racial and cultural conflict during the formation of a national identity. Catalog of Copyright Entries Library of Congress. Revising Duras James S. Williams, 2000-12-01. The extraordinary range, complexity, and power of Marguerite Duras, novelist, dramatist, film maker, essayist, has been justly recognised. Yet in the years following her death in 1996 there has been an increasing tendency to consecrate her work, particularly by those critics who approach it primarily in biographical terms. The British and American specialists featured in this interdisciplinary collection aim to resurrect the Duras corpus in all its forms by submitting it theoretically to three main areas of enquiry. By establishing how far Duras's work questions and redefines the parameters of literary and cinematic form, as well as the categories of race and ethnicity, homosexuality and heterosexuality, fantasy and violence, the contributors to this volume revise Duras's work in the widest sense of the term.
