A Companion to the Works of Arthur Schnitzler Dagmar C. G. Lorenz, 2003 A fresh collection of essays on the work of one of the leading figures of the Viennese fin de si cle This volume of specially commissioned essays takes a fresh look at the Viennese Jewish dramatist and prose writer Arthur Schnitzler Fascinatingly Schnitzler s productive years spanned the final phase of the Habsburg monarchy World War I the First Austrian Republic and the rise of National Socialism and he realized earlier than many of his contemporaries the threat that racist anti Semitism posed to the then almost complete assimilation of Austrian Jews His writings also reflect the irresolvable conflict between emerging feminism and the relentless scientific discourse of misogyny and he chronicles the collapse of traditional social structures at the end of the Habsburg monarchy and the struggles of the newly founded republic In the 1950s Schnitzler s powerful literary record assumed model character for Viennese Jewish intellectuals born after the Shoah and his portrayal of gender relations and role expectations and casual sex are received with the same fascination today as they were by the

audiences of his own time Schnitzler remains a major figure in contemporary European culture as his works are still widely read performed and adapted witness Stanley Kubrick s adaptation of Schnitzler s Traumnovelle as the 1999 film Eyes Wide Shut In this volume a team of international scholars explores Schnitzler s dramas and prose works from contemporary critical vantage points but within the context of Austria s multicultural society at a time of unprecedented change Contributors Gerd Schneider Evelyn Deutsch Schreiner Elizabeth Loentz Iris Bruce Felix Tweraser Elizabeth Ametsbichler Hillary Hope Herzog Katherine Arens John Neubauer Imke Meyer Susan C Anderson Eva Kuttentberg and Matthias Konzett Dagmar C G Lorenz is professor of German at the University of Illinois Chicago *Problems of Communism* ,1990 **Science Fiction After**

1900 Brooks Landon,2014-05-01 First published in 2003 Brooks Landon analyses science fiction not as a set of rules for writers but as a set of expectations for readers He presents science fiction as a social phenomenon that moves beyond literary experience through a sense of mission based on the belief that SF can be a tool to help you think He offers a broad overview of the genre and the stages through which it has developed in the twentieth century from the dime store novel through the New Wave of the 60s the cyberpunk 80s and soft agenda SF of the 90s The writers he examines range from E M Forster and John W Campbell to Philip K Dick and Ursula K Le Guin He also examines the large body of criticism now devoted to the genre and includes a bibliographic essay and a list of recommended titles The Invention of Angela Carter Edmund Gordon,2017 The much anticipated biography of one of the most beguiling and influential writers of the twentieth century With unprecedented access to its subject s personal records and informed by fresh unvarnished anecdotes from family friends and colleagues Edmund Gordon s biography provides the first full account of Angela Carter s amazing life and enduring work **SSC General Knowledge** Exam Leaders Expert, *Qualitative Organizational Research* Gillian Symon,Catherine Cassell,2012-03-26 This comprehensive text brings together in one volume both consideration of the core methods available for undertaking qualitative data collection and analysis and discussion of common challenges faced by all researchers in conducting qualitative research *Qualitative Organizational Research Core Methods and Common Challenges* contains 27 chapters each written by an expert in the area The first part of the volume considers common challenges in the design and execution of qualitative research examining key contemporary debates in each area as well as providing practical advice for those undertaking organizational research The second part of the volume looks at contemporary uses of core qualitative methods in organizational research outlining each method and illustrating practical application through empirical examples Written by internationally renowned experts in qualitative research methods this text is an accessible and essential resource for students and researchers in the areas of organization studies business and management research and organizational psychology Key features Coverage of all the key topics in qualitative research Chapters written by experts drawing on their personal experiences of using methods Introductory chapters outlining the context for qualitative research and the philosophies which underpin it Gillian Symon is Reader in Organizational Psychology at Birkbeck University of

London Catherine Cassell is Professor of Organizational Psychology at Manchester Business School **William of Malmesbury and the Ethics of History** Sigbjørn Olsen Sønnesyn, 2012 William of Malmesbury arguably the greatest English historian of the twelfth century repeatedly emphasises that the primary purpose of all literary and intellectual activities is to provide moral instruction for the reader the most famous of his statements to this effect being found in his monumental work *Gesta Regum Anglorum* where he categorises history as a sub discipline of ethics However modern studies have chosen to focus on other aspects of William s oeuvre and tended to dismiss such claims as perfunctory nods to a pious commonplace This book differs from recent orthodoxy by being based on the proposition that medieval professions of the moral aims of historiography are in fact genuine It seeks to read William s celebrated historical works in the light of his devotional and didactic texts and in the context of the religious intellectual and literary traditions to which he expressed his allegiance He also demonstrates how William s conception of ethics forms a constitutive element of his historical output The resulting image of William shows a committed monk and man of his time placing his extraordinary learning at the service of his culture his society and his faith Publisher s website [The Eerdmans Dictionary of Early Judaism](#) John J. Collins, Daniel C. Harlow, 2010-11-11 The Dictionary of Early Judaism is the first reference work devoted exclusively to Second Temple Judaism fourth century b c e through second century c e The first section of this substantive and incredible work contains thirteen major essays that attempt to synthesize major aspects of Judaism in the period between Alexander and Hadrian The second and significantly longer section offers 520 entries arranged alphabetically Many of these entries have cross references and all have select bibliographies Equal attention is given to literary and nonliterary i e archaeological and epigraphic evidence and New Testament writings are included as evidence for Judaism in the first century c e Several entries also give pertinent information on the Hebrew Bible The Dictionary of Early Judaism is intended to not only meet the needs of scholars and students at which it succeeds admirably but also to provide accessible information for the general reader It is ecumenical and international in character bringing together nearly 270 authors from as many as twenty countries and including Jews Christians and scholars of no religious affiliation [The Moral Leader](#) Sandra J. Sucher, 2007-07-16 Successful leaders at any level and in any arena are inevitably presented with moral and ethical choices This unique and innovative textbook is designed to encourage students and managers to confront those fundamental moral challenges to develop skills in moral analysis and judgment and to come to terms with their own definition of moral leadership [The Difference Aesthetics Makes](#) Kandice Chuh, 2019-03-28 In *The Difference Aesthetics Makes* cultural critic Kandice Chuh asks what the humanities might be and do if organized around what she calls illiberal humanism instead of around the Western European tradition of liberal humanism that undergirds the humanities in their received form Recognizing that the liberal humanities contribute to the reproduction of the subjugation that accompanies liberalism s definition of the human Chuh argues that instead of defending the humanities as has been widely called for in recent years we should radically remake them Chuh

proposes that the work of artists and writers like Lan Samantha Chang Carrie Mae Weems Langston Hughes Leslie Marmon Silko Allan deSouza Monique Truong and others brings to bear ways of being and knowing that delegitimize liberal humanism in favor of more robust capacious and worldly senses of the human and the humanities Chuh presents the aesthetics of illiberal humanism as vital to the creation of sensibilities and worlds capable of making life and lives flourish

The Pleasant Nights Giovanni Francesco Straparola, 2012-01-01 This full critical edition of *The Pleasant Nights* presents these stories in English for the first time in over a century The text takes its inspiration from the celebrated Waters translation which is entirely revised here to render it both more faithful to the original and more sparkishly idiomatic than ever before The stories are accompanied by a rich sampling of illustrations including originals from nineteenth century English and French versions of the text
