**Canada in Question** Peter MacKinnon, 2022-03 Exploring pressing questions around Canadian citizenship Canada in Question delves into contemporary issues that come into play in identifying what it means to be Canadian Beginning with an update on the status of Canadian citizenship Peter MacKinnon acknowledges that with the exception of Indigenous peoples most Canadians migrated to Canada in the last 400 years In surveying the status of citizenship the author addresses the impact of these newcomers on Indigenous peoples and the subsequent impression that the following influx of new immigrants and migrants has had on citizenship MacKinnon investigates the ties that bind Canadians to their country and to their fellow citizens and how these ties are often challenged by global influences such as identity politics and social media Shedding light on the connection between economic opportunity and citizenship and on the institutional context in which differences must be accommodated Canada in Question examines current circumstances and new challenges and looks to the unique future of Canadian citizenship      *Barbados* International Monetary Fund. Western Hemisphere Dept., 2018-05-30 This 2017 Article IV Consultation highlights that Barbados deficit declined to 4.4 percent of GDP in 2016 about half that in 2014 owing to lower energy prices and a recovery in export earnings The current account deficit is projected to continue to narrow to 3.7 percent in 2017 and to 2.9 percent of GDP in 2018 as a result of lower imports but continued weakness in the financial account and delayed privatization will contribute to weak reserves The fiscal deficit is estimated to have declined to 5.5 percent of GDP in FY2016/17 The IMF staff project further progress in reducing the fiscal deficit to 4.1 percent of GDP in FY2017/18 without divestment proceeds      **Central Banking in the Modern World** Marc Lavoie, Mario Seccareccia, 2004-01-01 The book provides a good variety of articles capable of satisfying different readers regarding central banking Eric Tymoigne Journal of Economic Issues According to the New Consensus in monetary economics monetarism is dead and central bankers target low inflation rates by acting upon short term real rates of interest Yet this synthesis hinges on variants of the long run vertical Phillips curve originally proposed by Milton Friedman the father of old line monetarism Contributors to this volume question this New Consensus While they agree that the money supply should be conceived as endogenous they carefully examine the

procedures pursued by central banks the monetary policy transmission mechanisms suggested by central bankers themselves and the assumptions imbedded in the New Consensus They propose alternative analyses that clearly demonstrate the limits of modern central banking and point to the possible instability of monetary economies
