history of the pivotal figure of Hindu nationalism Vinayak Damodar Savarkar 1883 1966 was an intellectual ideologue and anticolonial nationalist leader in India s struggle for independence from British colonial rule one whose anti Muslim writings exploited India s tensions in pursuit of Hindu majority rule Savarkar and the Making of Hindutva is the first comprehensive intellectual history of one of the most contentious political thinkers of the twentieth century Janaki Bakhle examines the full range of Savarkar s voluminous writings in his native language of Marathi from political and historical works to poetry essays and speeches She reveals the complexities in the various positions he took as a champion of the beleaguered Hindu community an anticaste progressive an erudite if polemical historian a pioneering advocate for women s dignity and a patriotic poet This critical examination of Savarkar s thought shows that Hindutva is as much about the aesthetic experiences that have been attached to the idea of India itself as it is a militant political program that has targeted the Muslim community in pursuit of power in postcolonial India By bringing to light the many legends surrounding Savarkar Bakhle shows how this figure from a provincial locality in colonial India rose to world historical importance Savarkar and the Making of Hindutva also uncovers the vast hagiographic literature that has kept alive the myth of Savarkar as a uniquely brave brilliant and learned revolutionary leader of the Hindu nation [Legends in Gandhian Social Activism: Mira Behn and Sarala Behn](#)

Bidisha Mallik,2022-06-15 This book is about Madeleine Slade 1892 1982 and Catherine Mary Heilemann 1901 1982 two English associates of Mohandas K Mahatma Gandhi 1869 1948 known in India as Mira Behn and Sarala Behn The odysseys of these women present a counternarrative to the forces of imperialism colonialism capitalism and globalized development The

book examines their extraordinary journey to India to work with Gandhi and their roles in India's independence movement their spiritual strivings their independent work in the Himalayas and most importantly their contribution to the evolution of Gandhian philosophy of socio economic reconstruction and environmental conservation in the present Indian state of Uttarakhand The author shows that these women developed ideas and practices that drew from an extensive intellectual terrain that cannot be limited to Gandhi's work She delineates directions in which Gandhian thought and experiments in rural development work and visions of a new society evolved through the lives activism and written contributions of these two women Their thought and practice generated a new cultural consciousness on sustainability that had a key influence in environmental debates in India and beyond and were responsible for two of the most important environmental movements of India and the world the Chipko Movement or the movement against commercial green felling of trees by hugging them and the protest against the Tehri high dam on the Bhagirathi River To this day their teachings and philosophies constitute a useful and significant contribution to the search for and implementation of global ideas of ecological conservation and human development

Civil Resistance Kurt Schock, 2015-08-15 In the past quarter century the world has witnessed dramatic social and political transformations due in part to an upsurge in civil resistance There have been significant uprisings around the globe including the toppling of communist regimes in Eastern Europe the Color Revolutions the Arab Spring protests against war and economic inequality countless struggles against corruption and demands for more equitable distribution of land These actions have attracted substantial scholarly attention reflected in the growth of literature on social movements and revolution as well as literature on nonviolent resistance Until now however the two bodies of literature have largely developed in parallel with relatively little acknowledgment of the existence of the other In this useful collection an international and interdisciplinary group of scholars takes stock of the current state of the theoretical and empirical literature on civil resistance Contributors analyze key processes of nonviolent struggle and identify both frictions and points of synthesis between the narrower literature on civil resistance and the broader literature on social movements and revolution By doing so *Civil Resistance Comparative Perspectives on Nonviolent Struggle* pushes the boundaries of the study of civil resistance and generates social scientific knowledge that will be helpful for all scholars and activists concerned with democracy human rights and social justice

The Ashgate Research Companion to Modern Theory, Modern Power, World Politics Nevzat Soguk, Scott G Nelson, 2016-04-28 Deliberately eschewing disciplinary and temporal boundaries this volume makes a major contribution to the de traditionalization of political thinking within the discourses of international relations Collecting the works of twenty five theorists this Ashgate Research Companion engages some of the most pressing aspects of political thinking in world politics today The authors explore theoretical constitutions critiques and affirmations of uniquely modern forms of power past and present Among the themes and dynamics examined are textual appropriation and representation materiality and capital formation geopolitical dimensions of ecological crises connections between

representations of violence and securitization subjectivity and genderization counter globalization politics constructivism biopolitics post colonial politics and theory as well as the political prospects of emerging civic and cosmopolitan orders in a time of national religious and secular polarization Radically different in their approaches the authors critically assess the discourses of IR as interpretive frames that are indebted to the historical formation of concepts and to particular negotiations of power that inform the main methodological practices usually granted primacy in the field Students as well as seasoned scholars seeking to challenge accepted theoretical frameworks will find in these chapters fresh insights into contemporary world political problems and new resources for their critical interrogation *The Vortex* Frank Uekötter, 2024-04-18

Environmental challenges are defining the twenty first century To fully understand ongoing debates about our current crises climate change loss of biological diversity pollution extinction resource woes means revisiting their origins in all their complexity With this ambitious highly original contribution to the environmental history of global modernity Frank Uekötter considers the many ways humans have had an impact on their physical environment throughout history Ours is not a one way trajectory to sudden collapse he argues but rather death by a thousand cuts The many paths we've forged to arrive in our current predicament from agriculture to industry to infrastructure must be considered collectively if we are to stay afloat in what Uekötter describes as a vortex a powerful metaphor for the flow of history capturing the momentum and the many crosscurrents that swept people and environments along His book invites us to look at environmental challenges from multiple perspectives including all the twists and turns that have helped to create the mess we find ourselves in Uekötter has written a world history for an age where things are falling apart where we know what lies ahead and are equipped with the right tools technological and otherwise and plenty of experience to deal with environmental challenges but somehow fail to get our affairs in order The Secret Life of Another Indian Nationalism Shail Mayaram, 2022-06-16

Nationalism is among the most influential ideas that has shaped the Metamorphoses of the Political in the long twentieth century This book focuses on exclusivist Indian nationalism and identifies its distinction from inclusivist nationalism It highlights shifts in another Indian nationalism over the last two centuries as the geopolitical context has transitioned from the Pax Britannica to the Pax Americana and its war on terror The book braids the following three strands together first a majoritarian nationalist ideology called Hindutva second the making of popular history as a precolonial epic is highlighted depicting the defeat of the last Hindu Emperor by a conquering Muslim Sultan purportedly leading to eight centuries of Hindu enslavement and third the reconversion of a community by the Visva Hindu Parishad with consequences for Lived Hinduism and Indic civilisation with its complex identities Transnational Roots of the Civil Rights Movement Sean Chabot, 2012-01-01 This book explores collective learning in the Gandhian repertoire's transnational diffusion from the Indian independence movement to the American civil rights movement Instead of focusing primarily on interpersonal linkages or causal mechanisms it highlights how decades of translation and experimentation by various actors enabled full implementation It also shows that

transnational diffusion was not a linear and predictable process but underwent numerous twists and turns. It is relevant for contemporary scholars as well as activists.

Bahudhā and the Post 9/11 World Balmiki Prasad Singh, 2008-02-20 The rise of terrorism and fundamentalism in recent times has brought about phenomenal changes in global politics. These unprecedented challenges call for a new bold and imaginative statecraft from world leaders. Underlining the need to transcend age-old peace mechanism and reconstruct our language of discourse, this book propounds the concept of Bahudhā, an eternal reality or continuum, a dialogue of harmony and peaceful living. Bahudhā recognizes the distinction between plural societies and pluralism, facilitates exchange of views and promotes understanding of the collective good. The book is divided into five parts. The first part discusses the major events witnessed by the world during 1989-2001: the fall of Berlin Wall, transfer of Hong Kong to China and the terrorist attack on the USA on September 11, and their implication for various nations, cultures and international peace. The next part discusses India's experiences in handling the pluralistic challenges by citing examples from the Vedas and Puranas and analysing policies followed by Ashoka, Kabir, Guru Nanak Akbar and Mahatma Gandhi. In the subsequent sections, the author underlines the importance of Bahudhā as an instrument of public policy for harmony and also discusses the global imperatives of following such an approach. He highlights the central role of education and religion in the building of a harmonious society and advocates the strengthening of the United Nations to become an effective global conflict resolution mechanism.

Gandhi's Ascetic Activism Veena R. Howard, 2013-03-25 More than six decades after his death, Mohandas Gandhi continues to inspire those who seek political and social liberation through nonviolent means. Uniquely, Gandhi placed celibacy and other renunciatory disciplines at the center of his nonviolent political strategy, conducting original experiments with their possibilities to gain practical moral and even miraculous powers for social change. Gandhi's abstinence in marriage, eccentric views on sexuality and odd ways of including his female associates in his practices continue to cause ambivalence among scholars and students. Through a comprehensive study of Gandhi's own words, select Indian religious texts and myths that he used and the historical and cultural context of his activism, Veena R. Howard shows how Gandhi's ascetic disciplines helped him mobilize millions. She explores Gandhi's creative use of renunciation in challenging established paradigms of confrontational politics, passive asceticism and oppressive social customs. Howard's book sheds new light on the creative possibilities Gandhi discovered in combining personal renunciation, sacrifice, ritual and myth for modern-day social action.

Nonviolent Conflict and Civil Resistance Sharon Erickson Nepstead, Lester R. Kurtz, 2012-10-08 This volume covers how regime changes, political movements and nonviolent unrest develop and then shape the political decisions of both civil society and the state. Chapter discussions include the civil rights movement in Northern Ireland, youth movements in Post-Communist states and the efforts of nonviolent INGOs.

Freedom and Democracy in an Imperial Context Robert Nichols, Jakeet Singh, 2014-03-26 Freedom and Democracy in an Imperial Context. Dialogues with James Tully gathers leading thinkers from across the humanities and social sciences in a celebration

of and critical engagement with the recent work of Canadian political philosopher James Tully Over the past thirty years James Tully has made key contributions to some of the most pressing questions of our time including interventions in the history of moral and political thought contemporary political philosophy democracy citizenship imperialism recognition and cultural diversity In 2008 he published *Public Philosophy in a New Key* a two volume work that promises to be one of the most influential and important statements of legal and political thought in recent history This work along with numerous other books and articles is foundational to a distinctive school of political thought influencing thinkers in fields as diverse as Anthropology History Indigenous Studies Law Philosophy and Political Science Critically engaging with James Tully's thought the essays in this volume take up what is his central and ever more pressing question how to enact democratic practices of freedom within and against historically sedimented and actually existing relationships of imperialism *Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur* ,2007
