## **Gender Race And Class In Media A Critical:**

**Gender, Race, and Class in Media** Gail Dines, Jean M. Humez, 2011 From gender issues in *Desperate Housewives* to race in *Ugly Betty* gender biases in video games and portrayals of the American family in *Extreme Makeover* to analyses of new genres like fandom and social media no other book is so successful in engaging students in critical media scholarship By encouraging students to critically analyze those media they already interact with for pleasure and by editing the articles Gail Dines and Jean Humez are able to make sophisticated concepts and theories accessible and interesting to undergraduate students

**Gender, Race, and Class in Media** Gail Dines, 2003 *Gender Race and Class in Media* examines the mass media as economic and cultural institutions that shape our social identities Through analyses of popular mass media entertainment genres such as talk shows soap operas television sitcoms advertising and pornography students are invited to engage in critical mass media scholarship A comprehensive introductory section outlines the book's integrated approach to media studies which incorporates three distinct but related areas of investigation the political economy of production textual analysis and audience response The readings include a dozen new original essays edited for maximum accessibility The book provides A comprehensive critical introduction to Media Studies An analysis of race that is integrated into all chapters Articles on Cultural Studies that are accessible to undergraduates An extensive bibliography and section on media resources Expanded coverage of queer representations in mass media A new section on the violence debates A new section on the Internet Together with new section introductions these provide a comprehensive critical introduction to mass media studies

**Gender, Race and Class in Media** Gail Dines, Jean M. Humez, 1995 This fine collection of perspectives and information will fill a major gap and help to push communication study in an urgently needed direction Undergraduates graduate students and faculty alike have much to gain from this text John Downing Department of Radio Television Film University of Texas Austin This is a well conceived and provocative collection that goes a long way toward filling a real void in available classroom textbooks I have no doubt that it will provoke many hours of discussion and debate about the relations between contemporary media forms and the politics of identity and difference Larry Grossberg Morris Davis Professor of Communication Studies University of North Carolina Chapel Hill This is one of the few books that really attempts to take the topic of mass media seriously while demonstrating a range of languages and approaches that illustrate what doing cultural studies is actually about Henry Giroux Waterbury Chair The Pennsylvania State University A terrific book broad based in cultural and critical studies *Gender Race and Class in Media* is an excellent text for courses in which multiple perspectives are represented Ellen Wartella Dean College of Communication University of Texas Austin An introductory text reader *Gender Race and Class in Media* critically examines the mass media as economic and cultural institutions that shape our social identities especially in regard to gender race and class Through an analysis of such popular genres as soap operas talk shows rap music sitcoms rock videos pornography made for TV movies advertising and romance novels students are invited

to engage in critical mass media scholarship From a critical cultural perspective the comprehensive introduction delineates the major paradigms in media studies today It outlines the text s integrated approach to media studies which incorporates three distinct but related areas of investigation within media studies political economy of production textual analysis audience response resistance Chapter introductions to the selected readings which are drawn from original essays and influential previously published articles provide a framework for understanding and analyzing how gender race and class are structural and experiential categories that inform the production construction and consumption of media representations Gender Race and Class in Media is designed as a comprehensive critical introduction to mass media but it can also be used as a supplement to a more standard text This text reader is also valuable for such courses as sociology of media media criticism cultural studies popular culture journalism visual literacy and especially where a critical approach is used

**Black Demons** Dennis Rome,2004-07-30 The stereotype of the African American male as a criminal element in society continues to be a major obstacle to greater racial harmony and the elimination of discrimination and racism on all levels in the United States Often this criminal stereotype is internalized by African American youth so they are made to feel as though delinquent behavior is expected from them and many fall into this trap Black Demons examines this stereotype and contends that much of the blame for its perpetuation comes from U S mass media s negative depictions of African American males Rome argues that these images foster the myths that help to deepen and strengthen the stereotypes that have plagued the African American

community since colonial times By examining the origins of this criminal stereotype how it has been used historically and how it is presently employed Rome reveals a dangerous current in media depictions of African Americans one that threatens that community and taints U S society as it tries to overcome the legacy of racism The African American male criminal stereotype continues to be used to justify covert and overt racism in contemporary U S society From television to cinema music to news coverage mass media continue to depict African American males running from the law committing crimes victimizing women and generally engaging in illegal behavior Here Rome examines those images and offers an explanation for this phenomenon He discusses the impact of these images on both the African American community and on U S society in general He considers the notion that there is a black pathology a fundamental weakness in African American families that can be traced back to their experiences as slaves Finally he concludes that both the news media and entertainment outlets must discontinue their practice of equating young African American males with aggressiveness lawlessness and violence if racism is every to be truly abolished in the United States

**HBO's Treme and Post-Katrina Catharsis** Dominique Gendrin,Catherine Dessinges,Shearon Roberts,2017-04-07 Ten years after Hurricane Katrina outsiders will have two versions of the Katrina experience One version will be the images they recall from news coverage of the aftermath The other will be the intimate portrayal of the determination of New Orleans residents to rebuild and recover their lives HBO s Treme offers outsiders an inside look into why New Orleanians refused to abandon a place that many questioned should not be rebuilt after the levees failed This critically acclaimed series expanded the boundaries of television making in its format plot casting use of music and realism in fictionalized TV However Treme is not just a story for the outside gaze on New Orleans It was a very local collaborative experience where the show s creators sought to enlist the city in a commemorative project Treme allowed many in the city who worked as principals extras and who tuned in as avid viewers to heal from the devastation of the disaster as they experimented with art imitating life imitating art This book examines the impact of HBOs Treme not just as television making but in the sense in which television provides a window to our worlds The book pulls together scholarship in media communications gender area studies political economy critical studies African American studies and music to explain why Treme was not just about television
