

## Focusing on Vocabulary

### WORD MEANING

This book presents a variety of strategies for learning and remembering the meanings of target words. Sometimes you will be able to find clues to a word's meaning, or definition, in the sentence in which the word appears. In other cases, the sentence will not contain clear clues to word meaning. You may need to reread the section in which the word appears and think about the ideas presented in the text. If you are still unsure of the correct definition, you may need to look the word up in a dictionary.

- A. Match the target words with their definitions. If you are unsure about a word's meaning, try to figure it out from the context by rereading the passage. Then check your dictionary. The first one has been done for you.
