Predestination Greg Kame, 2021-03-11 The doctrine

of predestination is an important starting point for the study of Christian theology thought from a Reformed theological perspective This doctrine is essential because it is one of the central themes from the Bible that has been the reason for many debates among many theologians in the history of the church Despite the different views held by mainline Protestant theologians like Martin Luther John Calvin and Jacobus Arminius this book points to Scripture as the basis for Reformed soteriology It uses the tools of biblical interpretation to show how the entire Bible addresses the doctrine of predestination so that theology students pastors Bible teachers and anyone interested in Christian theology will better understand predestination from a Reformed perspective toward an effective ministry today *Christian Responses to Terrorism* Gordon L. Heath, David Kirwa Tarus, 2017-11-01 How should Christians respond to terrorism and terrorists in their midst Terrorism is a global problem and no society on earth faces it alone The mainly Christian society of Kenya has suffered more than most as it attempts to counter the threat of al Shabaab Some pastors have asked for permission to carry guns Many Christians support government military action while others recommend pacifist stances and strive for dialogue and reconciliation with the Muslim community In this book ten Kenyan Christian thinkers and practitioners share their experiences and insights A response section from seven others including a Kenyan Muslim scholar enrich the discussion **Servantship** Graham Joseph Hill, 2013-10-10 Servantship is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission Servantship is humbly valuing others more than yourself and looking out for the interests and wellbeing of others Servantship is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the missio Dei the Trinitarian mission of God In this pioneering work sixteen servants describe the four movements of radical servantship Servantship is the movement 1 from leadership to radical servantship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from forgetfulness to transforming memory Servantship recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be first must be your slave just as the Son of Man did not come to be served but to serve and to give his life as a ransom for many "In the Beginning . . ." Eduardo J. Echeverria, 2011-01-01 One of the most significant contributions of Pope John Paul II to the church and arguably to the culture was his development of a theology of the body This theology explores the rich meaning and vocation of human embodiment of the body person in light of the fundamental truths of creation fall into sin and redemption in Jesus Christ In this book Eduardo J Echeverria inquires into the biblical theological and philosophical foundations of the Pope s theology of the body In a wide ranging discussion of a Catholic theology of revelation biblical hermeneutics and a biblical perspective on the Christ centered dynamics of the moral life Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II s thought He probes the

philosophical foundations of the Pope's thought in the context of a Catholic theology of nature sin and grace The book concludes with an analysis of the normative implications of the Pope's theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of homosexuality Echeverria's study of John Paul II's theology of the body helps us to make sense of how the pope's theology deepens our understanding of the Catholic teaching that the human body shares in the dignity of the image of God Catechism of the Catholic Church no 364

If Not "Pre-Trib Rapture," Then What? Teri Sue Riddering TH.D.,2020-01-22 This book is a careful attempt to explore and fill in the picture of the eschatological puzzle using the entire Biblical Scripture cohesively within a conceptual framework of two peoples Jew and Christian who are His people of the New Covenant Jer 31 31 Matt 2 28 united under one Messiah as one new man Eph 2 15 Using solid hermeneutical practices the author attempts to disprove some major aspects of the Pretribulational Rapture theory because it produces a distorted picture of future events regarding the relationship between Jews and Christians She has organized prophetic past present and future events into a logical and coherent sequence that more closely resembles historical reality and God s eternal plans At the end she highlights some of the similarities between Christian and Jewish eschatologies and then describes the final outcome of God s purposes with mankind while offering some suggestions as to what Christians can do as they await victoriously for the converging of

Japanese Understanding of Salvation Martin HeiSwolf, 2018-02-14 It is no secret that Christianity has been widely rejected in Japan with less than two percent of the population identifying as Christian The dominant worldview in Japan is deeply animistic with beliefs such as the Japanese mana concept ki the Japanese soul concept and the concept of God god s kami being deeply rooted in the culture and fundamentally influencing society Dr Martin Hei wolf with his years of experience in Japan critically examines Japanese animism in light of core Christian beliefs such as the concepts of peace and salvation Central to Japanese people s rejection of Christian truth is the diametric opposition of its supernatural message to the natural focus of Japanese animistic folk religion Hei wolf s meticulous study is framed squarely within missiological thought and praxis so Christians serving in Japanese contexts are better able to communicate the message of the gospel by more fully understanding Japanese people people by whom God wants to be known

Leaving Left Behind Mike Wilson, 2021-01-19 Positive psychologists have proven that positivity leads to success but most Christians in America have chosen to believe a single eschatological theory that leads to pessimism and cynicism Pessimistic Christians put themselves in Christian bubbles and focus on self preservation and when a mind is clouded by negativity interpretations of biblical prophecy lean toward the pessimistic possibilities The fantastic writing of the Left Behind books has popularized premillennial dispensationalism with good intentions but that interpretation of biblical prophecy teaches that sinfulness will continually increase until Jesus throws up his hands in disgust and secretly raptures worthy Christians leaving behind unworthy sinners to suffer the wrath of the antichrist Teaching that questionable theory

produces negativity that hinders the Christian mission When Christians believe that they cannot succeed in leading most of the world to Jesus they will fail to put in the effort that success would require Jesus on the other hand taught his followers that nothing will prevail over his church and that teaching inspired them to sacrifice everything for the Christian mission This is not a promise of prosperity without effort or of inevitable success but biblical positivity is an energizing force that will help Christians flourish
