Re-construyendo la ciudad Augusto Serrano López, Alfredo Stein Heinemann, 2019-04-15 Hablamos de la ciudad y de su reconstrucción para repensar la importancia del Estado democrático de derecho y de su núcleo constituyente el Espacio público incluyente generador de simetría humana y justicia a fin de sugerir formas alternativas que lo afiancen y defiendan de los ataques de un sistema mundial económico depredador del tejido social y de la naturaleza Tal como Hannah Arendt claramente lo plasmara hace más de seis décadas en *La condición humana* La existencia de una esfera pública y la consiguiente transformación del mundo en una comunidad de cosas que agrupa y relaciona a los hombres entre sí depende por entero de la permanencia Si el mundo ha de incluir un espacio público no se puede establecerlo para una generación y planearlo solo para los vivos sino que debe superar el tiempo vital de los hombres mortales Sin esta trascendencia ninguna política estrictamente hablando ningún mundo común ni esfera pública resultan posibles Pero tal mundo común sí lo puede sobrevivir al paso de las generaciones en la medida en que aparezca en público Somos solo nosotros los jardineros del jardín misterioso que ha de crecer Ernst Bloch *El rostro de la violencia* María Elósegui Itxaso, C. Gaudó, 2002 Publicación surgida como consecuencia de las jornadas sobre mujer y violencia que pretendían concienciar y analizar aquellos comportamientos sociales en los que aparece habitualmente la agresividad contra las mujeres y dar fin a la violencia

pensando en unas relaciones interpersonales basadas en la dignidad humana La primera parte del libro esta compuesta por las aportaciones teoricas de las jornadas y su posterior elaboracion por parte de los conferenciantes y la segunda incluye los resultados de un estudio epidemiologico centrado en los trastornos alimentarios y genero Los distintos escritos intentan descubrir la naturaleza polimorfa de la agresividad humana en la que intervienen diversos factores tanto en su origen como en su arraigo Para la consecucion de unas relaciones pacificas entre los generos masculino y femenino es necesaria una reflexion interdisciplinar sobre las causas de las que motivan las agresiones psicicas y fisicas y supone un esfuerzo por parte de toda la sociedad
