The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound's slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in guest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both Picasso in the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.), Pablo Picasso, Magdalena Dabrowski, Christel Hollevoet, 2010 This publication presents a comprehensive catalogue of the works by Pablo Picasso in the Metropolitan Museum Comprising 34 paintings 59 drawings 12 sculptures and ceramics and more than 400 prints the collection reflects the full breadth of the artist s multi sided genius as it asserted itself over the course of his long career New Histories of Art in the Global Postwar Era Flavia Frigeri, Kristian Handberg, 2021-03-24 This book maps key moments in the history of postwar art from a global perspective The reader is introduced to a new globally oriented approach to art artists museums and movements of the postwar era 1945 70 Specifically this book bridges the gap between historical artistic centers such as Paris and New York and peripheral loci Through case studies previously unknown networks circulations divides and controversies are brought to light From the development of Ethiopian modernism to the showcase of Brazilian modernity this book provides readers with a new set of coordinates and a reassessment of well trodden art historical narratives around modernism This book will be of interest to scholars in art historiography art history exhibition and curatorial studies modern art and globalization The Arts.
