## **Design For Human Scale:**

Design for Human Scale Victor J. Papanek, 2000      *Design for human scale* Victor Papanek, 1983      Human Scale Revisited Kirkpatrick Sale, 2017 Big government big business big everything Kirkpatrick Sale took giantism to task in his 1980 classic *Human Scale* and today takes a new look at how the crises that imperil modern America are the inevitable result of bigness grown out of control and what can be done about it The result is a keenly updated carefully argued case for bringing human endeavors back to scales we can comprehend and manage whether in our built environments our politics our business endeavors our energy plans or our mobility Sale walks readers back through history to a time when buildings were scaled to the human figure as was the Parthenon democracies were scaled to the societies they served and enterprise was scaled to communities Against that backdrop he dissects the bigger is better paradigm that has defined modern times and brought civilization to a crisis point Says Sale retreating from our calamity will take rebalancing our relationship to the environment adopting more human scale technologies right sizing our buildings communities and cities and bringing our critical services from energy food and garbage collection to transportation health and education back to human scale as well Like *Small is Beautiful* by E F Schumacher *Human Scale* has long been a classic of modern decentralist thought and communitarian values a key tool in the kit of those trying to localize create meaningful governance in bioregions or rethink our reverence of and dependence on growth financially and otherwise Rewritten to interpret the past few decades *Human Scale* offers compelling new insights on how to turn away from the giantism that has caused escalating ecological distress and inequality dysfunctional governments and unending warfare and shines a light on many possible pathways that could allow us to scale down survive and thrive      **The Human Scale: Urban Design Seminar, Spring, 1957** Harvard University.
