Engaging and lively, clear and practical, this is the most applied accounting book written specifically for business and management students. Sam Smart is the budding entrepreneur on whom the case study at the heart of this book is based. Featured at the start of each chapter, we follow Sam as he goes from starting a small business printing sports kits for local teams to managing a global sports business. Throughout the course of the book, he assesses the success of his business, finances activities, makes pricing decisions, opens new branches, looks at cash flow and facilitates planning, control and investment. As we follow the case study, the core topics central to accounting are covered with clarity, imagination and relevance, giving students the support they need to complete their course and exams with confidence. The wealth of additional examples and self-test exercises available alongside the case study enable students not only to develop an appreciation of how accounting information allows a manager to make key business decisions but also to acquire the skills necessary to enable them to converse with accountants and challenge their assumptions and methodologies. This book is accompanied by the following online resources: For Students: Multiple choice questions, Additional practice questions with answers, Flashcard glossary, Tables from the text. For Lecturers: Test bank, PowerPoint presentations, Solutions to end of part case studies, Additional end of part case studies with solutions, Assessment guide, Double entry chapters.

COST ACCOUNTING, Fourteenth Edition BANERJEE, BHABATOSH, 2021-07-01. This well-established and widely adopted textbook, now in its 14th edition, continues to provide an in-depth and insightful analysis of the modern theories and practices of Cost Accounting. That the book has gone into its 14th edition and several reprints is a testimony of its wide acceptance by the students, academics and professionals. Primarily intended for postgraduate and undergraduate students of Commerce and Management, the book will be of immense benefit to the students pursuing professional courses offered by the Institute of Chartered Accountants of India (ICAI), Institute of Cost Accountants of India (ICAI), Institute of Company Secretaries of India (ICSI) and those pursuing the Chartered Financial Analyst (CFA) course. Now in its 14th edition, the book has been suitably revised, meeting the latest syllabi requirement of various courses. The chapter on Strategic Cost Management has been updated to make it indispensable to modern management to enhance the competitive advantage of the firm. Besides, many chapters have been overhauled and updated, especially the chapters covering basic concepts and terms, classification of costs and cost sheet, activity-based costing, marginal costing, relevant cost analysis and management decisions, capital budgeting decisions and cost audit. The book also includes some of the cost standards set by ICAI, a wide array of illustrations, worked-out examples and practice exercises. Besides, a large number of MCQs are given online for the students to practice and self-evaluation. MCQs are critical in proper understanding and practice of theories and concepts. Also, CIMA Official Terminology is provided online to keep students and professionals abreast of relevant terms used in today's business environment.
