Practice and Theory for Materials Development in L2 Learning Alan Maley, Hitomi Masuhara, Freda Mishan, 2017-03-07 This volume represents a unique addition to the growing body of empirical literature on materials development adopting a reverse approach to the topic Rather than applying theory to practice practitioners and researchers from 11 countries reappraise applied linguistics theories through practice The book also provides evidence for the diversity of materials development around the globe at different levels for different specialities and for different purposes Each chapter surveys the relevant literature such as task based learning and language and culture describes a specific research project reports the results of the project and discusses the implications of these results for the development of materials both in the local context and in general After each section there are editorial comments highlighting the issues emerging from the research and there is a conclusion which connects the findings of the various chapters and makes suggestions both for future research and for the principled development of materials for L2 learners The book will be suitable for teachers materials developers academics and students in post graduate courses in applied linguistics in TEFL TESOL and in the teaching of other languages as an L2

Convergence of ESP with other disciplines Nadežda Stojković, Gabriela Chmelíková, Ludmila Hurajová, 2019-01-30 In designing a successful English for Specific Purposes ESP course an ESP lecturer must research the professional setting and in turn analyze abstract and synthesize its linguistic characteristics Expert vocabulary typical syntactic structures relevant morphological word formation processes exemplary text organization and both written and spoken stylistics are no longer taught with little functional relevance instead they are approached from a subject specific perspective While designing and or compiling teaching and learning material an ESP

lecturer must decide upon the appropriate teaching methodology and pedagogy in order to ensure that the course in its entirety simulates a particular professional situation Only if the course is successful in this aim will ESP learners be able to quickly engage in uninhibited communication and improve job performance in their field of work whether that be in tourism or aviation Although many professional settings share certain characteristics they are nevertheless unique and often require different approaches For this reason there is little or no ready made teaching material or methodological approaches when it comes to ESP teaching A dedicated ESP lecturer caters for those idiosyncrasies doing a minute multifaceted investigation into the linguistic characteristics of the relevant professional domain Bringing together a collection of essays this edited volume reveals the variety depth and quality of the ESP research and its convergence across different professional disciplines
