Dictators Handbook:

The Dictator's Handbook Bruce Bueno de Mesquita, Alastair Smith, 2011-09-27 A groundbreaking new theory of the real rules of politics leaders do whatever keeps them in power regardless of the national interest As featured on the viral video Rules for Rulers which has been viewed over 3 million times Bruce Bueno de Mesquita and Alastair Smith's canonical book on political science turned conventional wisdom on its head They started from a single assertion Leaders do whatever keeps them in power They don't care about the national interest or even their subjects unless they have to This clever and accessible book shows that democracy is essentially just a convenient fiction Governments do not differ in kind but only in the number of essential supporters or backs that need scratching The size of this group determines almost everything about politics what leaders can get away with and the quality of life or misery under them The picture the authors paint is not pretty But it just may be the truth which is a good starting point for anyone seeking to improve human governance

Dictator's Handbook Randall Wood, Carmine DeLuca, 2012-06 Ever wonder if the world's tyrants are all using the same instruction manual They are here it is From getting to power to dividing your enemies suppressing revolution stealing elections and making your fortune this 320 page volume shows you how the pros have been doing it for centuries Fully factual with a complete bibliography and footnotes the Dictator's Handbook gives you a road map to tyranny step by step Beautifully illustrated by a professional artist the text is funny and deadly serious This is truly a practical manual for the aspiring tyrant

Notes on Bruce Bueno de Mesquita's & et al The Dictator's Handbook by Instaread
Instaread, 2017-03-03 **The Dictators** Iain Dale, 2024-09-05 IAIN DALE'S LATEST COLLECTION OF ESSAYS AVAILABLE TO BUY NOW Praise for Iain Dale Riveting and enlightening A history lesson via a novel route Really enjoying reading this book It is easy to dip in and out and each chapter is well written Illuminating yet balanced Were the signs that Putin is a ruthless dictator there all along How should we deal with President Xi of China Given the world seems to be moving more and more towards authoritarian rule this is the right moment to seek warnings and lessons from history In The Dictators Iain Dale brings together 64 essays by historians academics journalists and politicians about elected and unelected dictators wartime and peacetime dictators those driven by ideology and those with a reputation for sheer brutality How did these tyrants autocrats and despots seize power and how did they exercise it And how did they lose it Very few dictators die peacefully in their own beds after all Only by examining these figures from the 6th century BC to the present from ancient Greece to present day Saudi Arabia do patterns start to emerge We can see the shared character traits the common conditions the patterns of behaviour that have enabled dictators to seize power time and time again The Dictators is acutely relevant to world politics today it is indeed a warning from history Will we take heed Or will history in fact teach us that history teaches us nothing

Bridling Dictators Graeme Gill, 2021 This book offers a new perspective on authoritarian politics Rather than the leadership of the authoritarian political systems being always characterized by arbitrariness fear and

struggle for power this book argues that politics of such regimes are structured by a series of rules which bring some consistency and predictability *Dictators and their Secret Police* Sheena Chestnut Greitens, 2016-08-16 This book explores the secret police organizations of East Asian dictators their origins operations and effects on ordinary citizens lives

Instrumentalisation of Mass Media in Electoral Authoritarian Regimes Nozima Akhrarkhodjaeva, 2017-04-25 Focusing on the case of Russia during Putin's first two presidential terms this book examines media manipulation strategies in electoral authoritarian regimes Which instruments and approaches do incumbent elites employ to skew media coverage in favor of their preferred candidate in a presidential election What effects do these strategies have on news content Based on two case studies of the presidential election campaigns in Russia in 2000 and in 2008 this investigation identifies the critical internal mechanisms according to which these regimes work Looking at the same country while it transformed from a competitive into a hegemonic authoritarian regime allows a diachronic comparison of these two regime types The book explicates the subtle differences between competitive and hegemonic regimes different types of media manipulation strategies the diverging extent of media instrumentalization various interactions among state actors large business owners the media and journalists the respective effects that all these factors and interactions have on media content and the peculiar types of bias prevalent in each type of regime This deep exploration of post Soviet politics is based on extensive review of documents interviews with media professionals and quantitative as well as qualitative content analyses of news media during two Russian presidential election campaigns *How to Be a Dictator* Mikal Hem, 2017-06-06 A Tongue in Cheek Guide to Becoming a Dictator Based on the Outrageous Scandalous and Excessive Behavior of Dictators Past and Present Who hasn't dreamed of one day ruling your own country Along with great power comes unlimited influence control admiration and often wealth How to Be a Dictator will teach you the tricks of the trade how to rise to the top and stay in power and how to enjoy the fruits of your excellence Featuring examples from the most successful leaders and regimes in the business including Kim Jong Il Robert Mugabe Muammar Gaddafi Nicolae Ceausescu Francois Papa Doc Duvalier and many others this handy guide offers ten easy lessons on becoming and acting like a dictator from how to rig an election and create your own personality cult to the dos and don'ts of dictator fashion Other topics include how to become wealthy and spend your fortune sleeping around expressing your literary genius and how to avoid being toppled exiled and or meeting any other dismal end Combining black humor with political insights How to Be a Dictator is peppered with horrifying and hilarious stories from some of the most eccentric modern world leaders *The Politics of Bad Governance in Contemporary Russia* Vladimir Gel'man, 2022-07-06 In this book Vladimir Gel'man considers bad governance as a distinctive politico economic order that is based on a set of formal and informal rules norms and practices quite different from those of good governance Some countries are governed badly intentionally because the political leaders of these countries establish and maintain rules norms and practices that serve their own self interests Gel'man considers bad governance as a primarily agency driven rather than

structure induced phenomenon He addresses the issue of causes and mechanisms of bad governance in Russia and beyond from a different scholarly optics which is based on a more general rationale of state building political regime dynamics and policy making He argues that although these days bad governance is almost universally perceived as an anomaly at least in developed countries in fact human history is largely a history of ineffective and corrupt governments while the rule of law and decent state regulatory quality are relatively recent matters of modern history when they emerged as side effects of state building Indeed the picture is quite the opposite bad governance is the norm while good governance is an exception The problem is that most rulers especially if their time horizons are short and the external constraints on their behavior are not especially binding tend to govern their domains in a predatory way because of the prevalence of short term over long term incentives Contemporary Russia may be considered as a prime example of this phenomenon Using an analysis of case studies of political and policy changes in Russia after the Soviet collapse Gel man discusses the logic of building and maintaining the politico economic order of bad governance in Russia and paths of its possible transformation in a theoretical and comparative perspective

International Law and Contemporary Global Challenges Max Hilaire, 2024-03-18 This book simultaneously sheds light on the most pressing global challenges facing humanity in the 21st century and pays tribute to President Vaclav Havel of the Czech Republic who had a great impact on the transformation of world politics in the 20th century It examines in detail contemporary international issues such as climate change mass migration refugees internal armed conflicts great power rivalry and regional political instability It also underscores the increasing inability of the Westphalian model to solve complex transnational problems and calls for a new approach Included as a postscript is an extensive analysis of the resurgence of dictatorial regimes in many regions of the world and their attempt to undo the rules based international order established after World War II This trend is a setback for those who fought tirelessly to end the Cold War and to spread freedom and democracy to millions of people across the globe Today that legacy is being challenged by autocratic regimes that see respect for human rights as a threat to their political survival International law is what unites us as citizens of the world and only through international law and multilateral cooperation can we address the global challenges examined in this book

Dictators and Autocrats Klaus Larres, 2021-10-31 In order to truly understand the emergence endurance and legacy of autocracy this volume of engaging essays explores how autocratic power is acquired exercised and transferred or abruptly ended through the careers and politics of influential figures in more than 20 countries and six regions The book looks at both traditional hard dictators such as Hitler Stalin and Mao and more modern soft or populist autocrats who are in the process of transforming once fully democratic countries into autocratic states including Recep Tayyip Erdo an in Turkey Brazilian leader Jair Bolsonaro Rodrigo Duterte in the Philippines Narendra Modi in India and Viktor Orb n in Hungary The authors touch on a wide range of autocratic and dictatorial figures in the past and present including present day autocrats such as Vladimir Putin and Xi Jinping military leaders and democratic leaders with

authoritarian aspirations They analyze the transition of selected autocrats from democratic or benign semi democratic systems to harsher forms of autocracy with either quite disastrous or more successful outcomes An ideal reader for students and scholars as well as the general public interested in international affairs leadership studies contemporary history and politics global studies security studies economics psychology and behavioral studies **Righteous Politics** Mehran Kamrava,2023-08-17 Since the establishment of the Islamic Republic of Iran in 1979 the Iranian political system has been subject to diminishing legitimacy In recent years various waves of protest have spread across the country and the question of the resilience of the revolutionary state becomes more pressing by the day Drawing from extensive fieldwork and rare primary sources Mehran Kamrava provides here a comprehensive and accessible analysis of the Iranian state and the various formal and informal institutions through which it operates The book offers an in depth analysis of the Iranian state from the Constitution to the powers and offices of the Supreme Leader the Islamic Revolutionary Guard Corps to the several intelligence agencies Paying careful attention to the nuances of Iranian politics Kamrava also highlights how factional politics and rentierism have served to enhance state resilience Presenting a range of original insights this book is invaluable to understanding the inner workings of the contemporary Iranian state *Solving For Democracy* Tony Bracks,2017-11-21

Congressional Record United States. Congress,1941 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Transition beyond Denuclearisation Chan Young Bang,2020-05-30 This book seeks to go beyond conventional literature on the North Korean nuclear issue by examining the chances of survival of the Kim Jong Un regime both with and without the nuclear weapons program It offers a detailed historical background of the dysfunctional North Korean economy explores the contemporary socioeconomic condition of the country examines the failures of the Six party Talks and other attempts at negotiations with North Korea and outlines a blueprint for the survival of the regime through rapid economic modernization to be put forward by the five stakeholder nations in exchange for dismantlement of the nuclear weapons program **The Pinochet Shock** Felipe González,Mounu Prem,2025-04-30 This book explores the economic and political transformation of Chile under the Augusto Pinochet dictatorship It highlights how radical change in this case the arrival of an authoritarian regime takes place as well as the impact it has upon citizens and the disruptions it has on everyday life Through examining how conservative and market based reforms were introduced to fight socialist ideas and stimulate the private sector a framework is created for understanding the long term economic political and social impact of the Pinochet dictatorship Particular attention is given to the consequences of state led repression local governments higher education the privatization of state owned businesses the labor market censorship and indigenous policies among others This book provides a

multidisciplinary perspective on the reforms seen in Chile under Pinochet and brings together ideas from economics history political science sociology and regional studies It will be relevant to students and researchers interested in the political economy and history of Chile and Latin America

The Violence of Law Jens Meierhenrich, 2024-04-30 Lawfare describes the systematic use and abuse of legal procedure for political ends This provocative book examines this insufficiently understood form of warfare in post genocide Rwanda where it contributed to the making of dictatorship Jens Meierhenrich provides a redescription of Rwanda s daring experiment in transitional justice known as inkiko gacaca By dissecting the temporally and structurally embedded mechanisms and processes by which change agents in post genocide Rwanda manoeuvred to create modified legal arrangements of things past Meierhenrich reveals an unexpected jurisprudence of violence Combining nomothetic and ideographic reasoning he shows that the deformation of the gacaca courts and thus the rise of lawfare in post genocide Rwanda was not preordained but the outcome of a violently structured contingency The Violence of Law tells a disturbing tale and will appeal to scholars advanced students and practitioners of international and comparative law African studies and human rights

Democracy and Dysfunction Sanford Levinson, Jack M. Balkin, 2019-04-16 It is no longer controversial that the American political system has become deeply dysfunctional Today only slightly more than a quarter of Americans believe the country is heading in the right direction while sixty three percent believe we are on a downward slope The top twenty words used to describe the past year include chaotic turbulent and disastrous Donald Trump s improbable rise to power and his 2016 Electoral College victory placed America s political dysfunction in an especially troubling light but given the extreme polarization of contemporary politics the outlook would have been grim even if Hillary Clinton had won The greatest upset in American presidential history is only a symptom of deeper problems of political culture and constitutional design Democracy and Dysfunction brings together two of the leading constitutional law scholars of our time Sanford Levinson and Jack M Balkin in an urgently needed conversation that seeks to uncover the underlying causes of our current crisis and their meaning for American democracy In a series of letters exchanged over a period of two years Levinson and Balkin travel along with the rest of the country through the convulsions of the 2016 election and Trump s first year in office They disagree about the scope of the crisis and the remedy required Levinson believes that our Constitution is fundamentally defective and argues for a new constitutional convention while Balkin who believes we are suffering from constitutional rot argues that there are less radical solutions As it becomes dangerously clear that Americans and the world will be living with the consequences of this pivotal period for many years to come it is imperative that we understand how we got here and how we might forestall the next demagogue who will seek to beguile the American public

Advanced Placement Classroom Timothy J. Duggan, 2021-09-03 Advanced Placement Classroom Lord of the Flies takes a fresh approach to a school classic by offering an abundance of student centered classroom ideas A large menu of rigorous choices will engage both teachers and students in the process of building

interpretations through close reading collaboration and active learning Clearly explained prereading reading and post reading tasks help students to develop their individual encounters with the text and then enter the conversation of literary scholars Additional chapters explore the interface between the world of the text and the text in the world including technology integration Sample AP prompts and essay analyses are included Grades 9 12 Superheroes and Economics Brian O'Roark, Rob Salkowitz, 2018-07-11 At first sight superheroes and economics seem to occupy completely different dimensions but a clash of dimensions is a classic comic book storyline In this first of its kind book an economist and a business writer assemble an A team of academic talent to explore the intersection of superhero mythology and economic theory in ten accessible chapters Superheroes and Economics uncovers basic economic truths that are integral to the comic stories from some of the genres most famous names The authors of the chapters look at ways that economic principles can add authenticity to imagined universes and how familiar superhero stories can demonstrate concepts used by economists to forecast the behavior of markets and individuals If Spider Man is so smart why isn t he rich What are the economic implications of a tech entrepreneur like Tony Stark actually inventing Iron Man armor What does the 80 year career of Wonder Woman tell us about the evolving role of women in the workplace This unique book extends the scope of comics studies to encompass social sciences It offers a great way to introduce both fans and students to topics like opportunity cost growth inflation and cost benefit analysis as well as more advanced concepts like moral hazard utility functions and economic growth This text can be used to supplement economics courses using colorful examples that any pop culture fan can relate to
