

Final Exam Schedule

Cloud County Community College Concordia Campus Day Classes Spring 2024

How to read the schedule – Find the time your class is *normally* held during the semester in the body part of the table below. Then look at the top of the column to see what *day* the final will be held and to the left under the column heading “Time of Final” for the *time* the final will be held. Example: If your class is normally at 12:00 pm on T/R, the final will be on Tuesday May 14th from 8:00-10:00 am. The only exception to this is for the Intermediate and College Algebra classes.

The final for **all** sections of Intermediate and College Algebra classes are scheduled to be held at the same time which will be on Thursday, May 16th from 8:00-10:00 am in the classroom assigned by your instructor. This means the final for **all** sections of Intermediate and College Algebra will be at that time no matter when the class was held during the semester.

Time of Final	Day of Final	Monday May 13	Tuesday May 14	Wednesday May 15	Thursday May 16
↓	→	<i>Time class was held during the semester</i> ↙ ↓ ↓ ↘			
8:00 – 10:00		11:00 M/W/F	12:00 T/TH	2:00 M/W/F	Intermediate Algebra College Algebra
10:15 – 12:15		8:00 T/R	1:30 T/Th	9:30 T/Th	10:00 M/W/F
12:30 – 2:30		12:00 M/W/F	8:00 M/W/F	9:00 M/W/F	1:00 M/W/F

Finals will be held in your regular classroom unless notified differently by instructor.

Five day classes will meet on either the M/W/F or T/R schedule as assigned by instructor.

Evening classes will meet as assigned by the instructor.

Students with “Classes by arrangement” should check with the instructor for exam times.

Students are not required to take more than two final exams per day. If a student has three or more finals scheduled for one day, the student may ask the instructor(s) to reschedule the middle examination(s). Any difficulties arising from this process should be referred to the Vice-President for Academic Affairs.

Uneasy Genius: The Life And Work Of Pierre Duhem St.L. Jaki, 2012-12-06 A hundred years have now gone by since in the midsummer of 1882 Pierre Duhem a graduate of College Stanislas completed with brilliant success his entrance exams to the Ecole Normale Supérieure and embarked on his career as a theoretical physicist His father a textile salesman hoped that Hierre would pursue a career in business one of the few professional fields where perhaps he would not have succeeded Not that young Duhem lacked sense for the practical He could have easily made a name for himself as an artist had he developed professionally his skill to draw portraits and landscapes His ability to make a point and his readiness to join in a debate could have earned him fame as a lawyer A potential actor was in sight when he

entertained friends with mimicry That as a student of physics he entered and stayed first in his class at the Ecole Normale did not thwart his talents for the life sciences No less a biologist than Pasteur tried to obtain Duhem for assistant His command of Greek and Latin would have secured him a career as a classicist He was a Frenchman not to be met too often whose rightful admiration for and mastery of his native tongue did not prove a barrier to the major modern languages As one who taught himself the complex art of medieval paleography he could easily have mastered the many auxiliary sciences needed by a consummate historian
