*EBOOK: Finance for Managers* Eduardo Martínez Abascal, 2012-10-16 This book explains everything a manager needs to know about finance and transforms seemingly complex financial information into data that makes sense. It shows the financial basics that a manager of any small, medium or large company should know and will leave you confident enough to ask the right business questions and make the correct finance decisions. The first part, Operational Finance, deals with the basics of financial analysis or analysis of the Profit and Loss and balance sheet so that they can be used to help make decisions. The second part, Structural Finance, covers investment and financing decisions as well as how to finance the investments planned. The book finishes with a chapter on valuation of companies.

*eBook: Corporate Finance 5e* David Hillier, 2024-02-12 The fifth European edition of *Corporate Finance* takes an applied approach to cover all the latest research and topic areas important to students taking Finance courses. The new edition provides an international perspective on all areas of corporate finance and has been updated to include discussion on current trends such as the integrated nature of global supply chains, financial risk management and key regulatory changes impacting the sector. It addresses the impact that FinTech, the climate and geopolitics are having on the development of corporate finance, considers the questions brought about by the global corona virus pandemic and looks to the future of the industry. Understanding and Application: Clear, user-friendly style. Example boxes in every chapter provide hypothetical examples to illustrate theoretical concepts such as cash flow timing, dividend smoothing and differential growth. Real World Insight boxes use companies like Apple, Volkswagen and Adidas to show how they have applied corporate finance theories and concepts to their business decisions. Chapter links throughout provide quick cross referencing to show the connections between topics. Practice and Proficiency: Mini and Practical cases present scenarios and questions to practice application and learning. Questions and Problems in each chapter, categorised by topic and level of difficulty, allow for rigorous testing of the chapter content. Numbered maths equations and key notation boxes listing the variables and acronyms that will be encountered in each chapter, designed to encourage mastery of Maths. Exam Questions designed to take 45 minutes and test you on material learned in a more formal exam style. Connect resources include algorithmic questions designed to ensure equations and calculations are not learned by rote but by thorough understanding and practice. New to This Edition: Sustainability in Action boxes draw on issues relating to the environment, society, the economy and climate change to show how corporate finance is so important to the resolution of sustainability challenges. Updated discussions and new sections on sustainable value added, green bonds, dividend policy and share repurchases, Islamic Financing, intangible valuation and the differential value method. Available on McGraw Hill's Connect, the well established online learning platform which features our award winning adaptive reading experience as well as resources to help faculty and institutions improve student outcomes and course delivery efficiency.
