**Donald Trump, Robert Mueller, Christopher Steele** Diane Holloway Cheney, Ph.D., 2021-09-13 This thrilling page turner describes the lives of the most controversial men of our era and how they impacted each other We now realize that the greatest threat to our country can come from within as well as those not in our own country Can an administration ignore laws and attack democratic institutions without damaging democracy These shocking revelations are

not without some humor to brighten what are otherwise dark and scary truths      **Trumping Truth** Salvador Jiménez Murguía, 2019-07-02 When Kellyanne Conway counselor to President Trump coined the phrase alternative facts in January 2017 objectivity in public discourse the long held belief in a more or less agreed upon set of verifiable truths went into a tailspin The use of alternative facts and narratives quickly became the go to rhetorical strategy especially among Trump's administration and base Rebuttals based on fact checking and hard data were demoted to mere choices in a media bazaar where consumers are free to source their own versions of reality This volume explores the social and political disruption accompanying the loss of faith in objectivity along with reflections on the disregard for truth and honesty both within the Trump Administration and in contemporary popular culture      **Reflections on Life, Love, and Events That Shape Them** John Wysner, 2018-09-14 Reflections on Life Love and Events That Shape Them This book is a departure from the books I've published in the past which are mostly on business history and processes and several collections of poetry This book of essays combines reflections on my own life experiences with thoughts on subjects including a look at what I see happening in our country today thoughts on God and religion the life of Anne Frank and her continuing influence today directions in medicine and treatment and several other topics It also looks at my background in sports and how it exposed me to a broad range of people and events that fueled my knowledge and experience to support this book      **Proof of Collusion** Seth Abramson, 2018-11-13 For the first time the full explosive record of the unthinkable how a US president compromised American foreign policy in exchange for the promise of future business and covert election assistance Looking back at this moment in history historians will ask if Americans knew they were living through the first case of criminal conspiracy between an American presidential candidate turned commander in chief and a geopolitical enemy The answer might be it was hard to see the whole picture The stories coming in from around the globe have often seemed fantastical clandestine meetings in foreign capitals secret recordings in a Moscow hotel Kremlin agents infiltrating the Trump inner circle Seth Abramson has tracked every one of these far flung reports and now in Proof of Collusion he finally gives us a record of the unthinkable a president compromising American foreign policy in exchange for the promise of future business and covert election assistance The attorney professor and former criminal investigator has used his exacting legal mind and forensic acumen to compile organise and analyse every piece of the Trump Russia story His conclusion is clear the case for collusion is staring us in the face Drawing from American and European news outlets he takes readers through the Trump Russia scandal chronologically putting the developments in context and showing how they connect His extraordinary march through all the public evidence includes How Trump worked for thirty years to expand his real estate empire into Russia even as he was rescued from bankruptcy by Putin's oligarchs and Kremlin agents How Russian intelligence gathered compromising material on him over multiple trips How Trump recruited Russian allies and business partners while running for president How he surrounded himself with advisers who engaged in clandestine negotiations with Russia How Trump aides and family

members held secret meetings with foreign agents and lied about them By pulling every last thread of this complicated story together Abramson argues that even in the absence of a Congressional investigation or a report from Special Counsel Mueller the public record already indicates a quid pro quo between Trump and the Kremlin The most extraordinary part of the case for collusion is that so much of it unfolded in plain sight     **A Great Disorder** Richard Slotkin,2024-03-05 The culture wars are pitting us against each other with a vitriol that is fueling outright violence Slotkin looks to the foundational myths that have shaped American identity the Frontier the Founding the Civil War Emancipation and the Lost Cause and the Good War and reveals why they are bringing the US to the brink of an existential crisis     **Congress A to Z** Chuck McCutcheon,2022-06-13 Congress A to Z provides ready reference insight into the national legislature its organization processes major legislation and history No other volume so clearly and concisely explains every key aspect of the national legislature The Seventh Edition of this classic easy to use reference is updated with new entries covering the dramatic congressional events of recent years including a demographically younger Congress the urban rural divide and climate change Each of the more than 250 entries arranged in encyclopedic A to Z format provides insight into the key questions readers have about the U S Congress and helps them make sense of the continued division between Republicans and Democrats the methods members use to advance their agendas the influence of lobby groups the role of committees and strong willed leaders and much more Key Features Available in both electronic and print formats Quick answers to questions as well as in depth background on the U S Congress Detailed tables and index Entries now include cross references and lists of further readings to help readers continue the research journey     *Nationalismus: Illusionen und Realitäten* Rolf-Ulrich Kunze,2019-08-14 It seemed for a considerable period of time that nationalism had become obsolete as a political and identity establishing factor In recent years however nationalism has been undergoing a renaissance with potentially fatal consequences Not least in view of the political and social relevance of the topic a well founded expert analysis of nationalism has become obligatory for everyone interested in politics as well as for students of politics and history Rolf Ulrich Kunze presents a systematic consideration of the theoretical concepts involved in nationalism He illustrates its dangerous capacity for transformation and explains how nationalisms combine with other ideologies in such a way that they can be instrumentalized and misused     **Deception** Richard Sakwa,2021-11-11 The Russiagate affair is one of the most far reaching political events of recent years But what exactly was the nature and extent of Russian interference in the campaign that led to the presidency of Donald J Trump Richard Sakwa sets out the dramatic series of events that combined to create Russiagate and examines whether together they form a persuasive account of Russia s role in the extraordinary 2016 American election Offering a meticulous account of the multiple layers in play his authoritative analysis challenges the claims of Russian interference and collusion As we enter into a new cold war this myth busting accessible and balanced account is essential reading to understand contemporary East West relations     **Big Caesars and Little Caesars** Ferdinand

Mount,2023-07-20 A WATERSTONES BOOK OF THE YEAR Who said that dictatorship was dead The world today is full of Strong Men and their imitators Caesarism is alive and well Yet in modern times it s become a strangely neglected subject Ferdinand Mount opens up a fascinating exploration of how and why Caesars seize power and why they fall Fast paced and impassioned Sunday Telegraph Wonderfully wry The Guardian a delight Sunday Times Delicious work beautifully and acerbically written Wall Street Journal There is a comforting illusion shared by historians and political commentators from Fukuyama back to Macaulay Mill and Marx that history progresses in a nice straight line towards liberal democracy or socialism despite the odd hiccup In reality every democracy however sophisticated or stable it may look has been attacked or actually destroyed by a would be Caesar from Ancient Greece to the present day Marx was wrong This Caesarism is not an absurd throwback it is an ever present danger There are Big Caesars who set out to achieve total social control and Little Caesars who merely want to run an agreeable kleptocracy without opposition from Julius Caesar and Oliver Cromwell through Napoleon and Bolivar to Mussolini Salazar De Gaulle and Trump The saga of Boris Johnson and Brexit frequently crops up in this author s narrative as a vivid if Lilliputian instance of the same phenomenon The final part of this book describes how and why would be Caesars come to grief from the Gunpowder Plot to Trump s march on the Capitol and the ejection of Boris Johnson by his own MPs and ends with a defence of the grubby glories of parliamentary politics and a thought provoking roadmap of the way back to constitutional government **The Real Psychology of the Trump**

**Presidency** Stanley Renshon,2020-09-14 The United States has never had a president quite like Donald J Trump He violated every rule of conventional presidential campaigns to win a race that almost no one including at times he himself thought he would win In so doing Trump set off cataclysmic shock waves across the country and world that have not subsided and are unlikely to as long as he remains in office Critics of Trump abound as do anonymously sourced speculations about his motives yet the real man behind this unprecedented presidency remains largely unknown In this innovative analysis American presidency scholar and trained psychoanalyst Stanley Renshon reaches beyond partisan narrative to offer a serious and substantive examination of Trump s real psychology and controversial presidency He analyzes Trump as a preemptive president trying to become transformative by initiating a Politics of American Restoration Rigorously grounded in both political science and psychology scholarship The Real Psychology of the Trump Presidency offers a unique and thoughtful perspective on our controversial 45th president Donald Trump's New World Order T. Hamid Al-Bayati,2020-10-06 Donald

Trump s New World Order addresses U S foreign policy initiatives during Mr Trump s Presidency appeasing traditional enemies such as Russia and undermining allies such as NATO and the European Union In the book Ambassador T Hamid Al Bayati outlines region by region policy by policy the administration s misguided and sometimes corrupt initiatives and decisions which could potentially lead to regional conflict and global war Highlighted within the text are the administration s relationships and interactions with Russia China North Korea and the Middle East as well as within the United States The

author's critical review of Trump's foreign policy includes the impact of trade wars, military escalation and changing global relationships. Ambassador Al Bayati paints a stark picture of the present standing of the U.S. and a dark future that looms on the horizon. Many experts agree that Trump's foreign policy lacks coordination, consistency and organization. Trump often contradicts himself and his supporting staff. Concerned Americans and U.S. allies struggle to find coherence in the Trump administration's foreign policy. It zig-zags with senior administration officials saying one thing and President Trump contradicting them without warning the next day. It punishes U.S. allies and coddles U.S. adversaries; it privileges demagoguery over democracy. Mr. Trump's approach appears impulsive, improvisational and inchoate, devoid of clear purpose, values or even ideology. Ambassador Al Bayati leaves nothing unexplored as he strives to organize and explain the current and future implications of Mr. Trump's presidency and policy.

**Rekonstruktion des Politischen** Rolf-Ulrich Kunze, 2023-11-08. Schon kurz nach dem staatlichen Ende der UdSSR zeigte die Debatte um Francis Fukuyamas These vom Ende der Geschichte, dass sich die Wahrnehmung der Politikgeschichte grundlegend verändert hatte. Man nahm an, die Demokratie würde sich allerorts durchsetzen. Als rund 30 Jahre später der russische Angriffskrieg gegen die Ukraine begann, war diese Annahme im gesamten Westen so weit verbreitet, dass führende englischsprachige Einführungen in die Geschichtswissenschaft die politische Geschichte überhaupt nicht mehr berücksichtigten. Die von Rolf-Ulrich Kunze vorgelegte Bilanz der Politikgeschichte zielt darauf ab, ihre Relevanz als Orientierungswissenschaft für das politische Handeln in Frieden und Krieg in Demokratie und Diktatur innerer und äußerer Politik wieder sichtbar zu machen. Er zeigt auch das Verhältnis zu anderen universellen Betrachtungsweisen auf.

**The Last American President** Thom Hartmann, 2025-09-23. From bestselling progressive talk show host Thom Hartmann comes an urgent autopsy of American democracy showing how plutocrats, political cowardice and systemic rot built the perfect runway for Trump's authoritarian ascent. The Last American President rips open America's wounded democracy to expose a terrifying truth: Donald Trump isn't an anomaly; he's the inevitable product of a system engineered to fail. This searing investigation reveals how a man forged by childhood trauma, pathological narcissism and calculated cruelty didn't hijack democracy; he was handed the keys by those who should have been its guardians. Hartmann uncovers the unholy alliance between Trump's damaged psyche and America's rotted institutions. From Fred Trump's brutal parenting to Roy Cohn's lessons in shamelessness, from a Republican Party that traded principles for power to billionaire donors who treated democracy as a profit center, this book exposes the assembly line that manufactured an authoritarian. But this is about more than Trump's past; it's about America's future. As climate catastrophe accelerates and fascism spreads globally, Hartmann reveals the nightmare scenario: a second Trump term that doesn't just end American democracy but also triggers irreversible planetary damage. Through meticulous research and unflinching analysis, he shows how political cowardice and corporate greed created the perfect storm that could extinguish humanity's last chance at survival. This isn't just political commentary; it's a last-minute alarm sounding before the point of no return.
