Studies ,1997      The Case against Education Bryan Caplan,2019-08-20 Why we need to stop wasting public funds on education Despite being immensely popular and immensely lucrative education is grossly overrated Now with a new afterword by Bryan Caplan this explosive book argues that the primary function of education is not to enhance students skills but to signal the qualities of a good employee Learn why students hunt for easy As only to forget most of what they learn after the final exam why decades of growing access to education have not resulted in better jobs for average workers how employers reward workers for costly schooling they rarely ever use and why cutting education spending is the best remedy Romantic notions about education being good for the soul must yield to careful research and common sense The Case against Education points the way      **Mentoring Novice Teachers** Debra Eckerman Pitton,2006-04-28 Mentoring Novice Teachers is thorough comprehensive and well thought out The author provides an important addition to the growing number of publications about mentoring Its focus is on the content of mentor training and development Content is conveyed in a constructivist mode through group dialogue while at the same time allowing for individual reflection Hal Portner Author Mentoring New Teachers Deepen mentors awareness of effective practices for guiding novice teachers to success How do we educate mentors so they are able to successfully work with novice teachers Mentoring Novice Teachers examines roles in mentoring relationships presents strategies that foster trust and open communication and offers practical ideas for addressing the specific needs of novice teachers This excellent updated resource focuses on building the knowledge and skills mentors need to effectively support and guide new teachers as well as better understand the mentoring process Reflections discussion prompts and role plays are incorporated throughout to increase mentors awareness and promote positive and effective interactions between mentors and beginning teachers This second edition includes Specific guidelines for facilitating a mentor training workshop Expanded coverage of mentoring strategies and processes Updated research about effective mentoring and communication A stronger focus on mentoring individuals with diverse backgrounds and experiences This unique book blends theory and practice in a format that meets the needs of mentors and facilitates a powerful means of support for novice teachers      Movies and Mental Illness Danny Wedding,2023-11-06 The popular critically acclaimed text on psychopathology in movies now including the latest movies and more Explores films according to the diagnostic criteria of DSM 5 and ICD 11 Provides psychological ratings of nearly 1 500 films Includes downloadable teaching materials Films can be a powerful aid to learning about mental illness and psychopathology for practitioners and students in fields as diverse as psychology psychiatry social work medicine nursing counseling literature or media studies and for anyone interested in mental health Watching films relevant to mental health can actually help you become a more productive therapist and a more astute diagnostician Movies and Mental Illness written by an eminent clinical psychologist who is also a movie aficionado has established a reputation as a uniquely enjoyable and highly memorable text for learning about psychopathology This new edition has been completely revised to explore current issues such as children s screentime

and celebrities with mental illness and to include the numerous films that have been released since the last edition. The core clinical chapters raise provocative questions about differential diagnosis according to the DSM 5 and ICD 11 for the primary characters portrayed in the films. Included are also a full index of films, sample course syllabus, ratings of close to 1,500 films, fascinating appendices such as Top 50 Heroes and Villains, psychotherapists in movies, and misconceptions about mental illness in movies. Accompanying the new edition are downloadable resources for teachers that include critical questions and topics for discussion as well as fabricated case histories based on movie characters with Mini Mental State Examinations that help explain, teach, and encourage discussion about important mental health disorders. In addition, the author plans a regular series of online Spotlights articles that will critically examine the psychological content of new movies as they are released.
