Zealot Finale J. Bailey, 2020-11-06 All it took was one bad decision All it took was one moment of sin The wicked Remanes family rulers and remnants of the once mighty Victim Saints of Babel have fixated upon Chen and his faith And the power of their favored son who haunts him with impunity has yet to be fully known As that power is revealed as the modern world rediscovers the meanings of fear and of evil safety peace and hope seem to flee the grasp of the innocent replaced by unwanted knowledge and the duty that it brings For Pyre the weight of a world For his friends a call to arms For Teneri a knock at the door For Seven a vendetta And for Chen a double edged sword What some meant for evil God meant unto good What are the depths of a man s depravity And how far will God pursue someone to save them Zealot Finale is a three part series that uses a science fiction and fantasy setting to tell its story a parable with parallels to reality designed to encourage readers to be zealous for the things of God

Kindergarten Panic Bailey A. Brown, 2025-08-19 How school choice reproduces inequality by creating gendered and socioeconomic decision making labor for parents School choice policies have proliferated in recent years with parents forced to navigate complex admission processes In New York City families have more options than ever before but the search for the

right school has proven to be time consuming painstaking and anxiety provoking work In Kindergarten Panic Bailey Brown examines the experiences of parents as they search for elementary schools finding that socioeconomic inequalities and persistent disparities in resources information access and decision making power contribute to broad variation in how families develop and manage their school choice labor strategies The labor that parents invest in searching for schools is unevenly distributed and shaped by gender socioeconomic background and neighborhood contexts Drawing on interviews with more than a hundred parents of elementary school students in New York City Brown shows how inequality manifests itself as parents and students deal with the uncertainties of the school choice process By conceptualizing school decision making as labor she makes visible the often unseen work that goes into making educational decisions for children Brown argues that recognizing school choice as labor both deepens our theoretical understanding of the challenges families confront and identifies vast disparities in parents labor across socioeconomic and gender divisions If parents continue to be charged with searching for schools we must take seriously how school choice policies reproduce the kind of inequality they are intended to reduce and we must invest in providing equitable access to high quality public schooling for all families

Hard Bop the late David H. Rosenthal, 1993-09-09 It's nineteen fifty something in a dark cramped smoke filled room Everyone's wearing black And on stage a tenor is blowing his heart out a searching jagged saxophone journey played out against a moody walking bass and the swish of a drummer's brushes To a great many listeners from African American aficionados of the period to a whole new group of fans today this is the very embodiment of jazz It is also quintessential hard bop In this the first thorough study of the subject jazz expert and enthusiast David H Rosenthal vividly examines the roots traditions explorations and permutations personalities and recordings of a climactic period in jazz history Beginning with hard bop's origins as an amalgam of bebop and R the stark astringent tormented music of saxophonists Jackie McLean and Tina Brooks the gentler more lyrical contributions of trumpeter Art Farmer pianists Hank Jones and Tommy Flanagan composers Benny Golson and Gigi Gryce and such consciously experimental and truly one of a kind players and composers as Andrew Hill Sonny Rollins John Coltrane Thelonious Monk and Charles Mingus Hard bop welcomed all influences whether Gospel the blues Latin rhythms or Debussy and Ravel into its astonishingly creative hard swinging orbit Although its emphasis on expression and downright badness over technical virtuosity was unappreciated by critics hard bop was the music of black neighborhoods and the last jazz movement to attract the most talented young black musicians Fortunately records were there to catch it all The years between 1955 and 1965 are unrivaled in jazz history for the number of milestones on vinyl Miles Davis's Kind of Blue Charles Mingus's Mingus Ah Um Thelonious Monk's Brilliant Corners Horace Silver's Further Explorations Rosenthal gives a perceptive cut by cut analysis of these and other jazz masterpieces supplying an essential discography as well For knowledgeable jazz lovers and novices alike Hard Bop is a lively multi dimensional much needed examination of the artists the milieus and above all the sounds of one of America's great musical epochs Pasta

Punctures & Perseverance! Howard Ashton, 2016-04-20 Why cycle fast when you can cycle slowly often very slowly as dictated by terrain topography and the weather Intrepid explorer W H Tilman saw the merits of such an attitude when he remarked that all travel is dull exactly in proportion to its rapidity Howard adopted Tilmans attitude as he adventured over many years across the world on two self propelled wheels that incredibly efficient machine for personal transport a bicycle Born affected by cerebral palsy it was through the therapeutic effects of much massage and manipulations of his limbs that by the age of 3 his legs had enough strength to push pedals if not allowing him to stand and walk And pushing pedals is what he has been doing almost daily for the past 65 years From trundling down the garden path on a bright red Gresham Flyer trike his competence and confidence quickly built as did muscle strength and tone This simple activity allowed him to overcome the physical limitations which life had imposed upon him Since those very early days countless bicycles have carried him tens of thousands of miles Very short journeys just down the road to primary school were gradually extended over the following decades Pedal power became Howards passport to personal freedom Almost always solo and camping wild the range and magnitude of these cycling adventures inexorably expanded from roaming both Scottish and Irish by ways to the high roads but mostly back roads of more than sixty countries across the world Here he shares a selection of the diaries written along the way recounting the experiences and interactions which are the seemingly inevitable consequence of this slowly and lowly method of travel Proceeds from the sale of this book will be donated to SCOPE the UK charity supporting those affected by cerebral palsy and their families Catalog of Copyright Entries.
