Forest Financing The Growth Of Timberland Investment Pwc:

Planted forests in emerging economies: Best practices for sustainable and responsible investments Lucio Brotto, Davide Pettenella, Paolo Cerutti, Romain Pirard, 2016-07-16 Investments in industrial scale planted forests have grown exponentially in recent years and are included into investment portfolios for various reasons e.g. diversification risk mitigation attractive returns The rapid growth of planted forests may incur negative social and environmental impacts Thus investment companies and fund managers are increasingly interested in using sustainable and responsible investment SRI tools e.g. standards guidelines and codes of conduct However a classification system for SRI tools in the field of planted forests still lacks consensus

Forests and Rural Development Jürgen Pretzsch, Dietrich Darr, Holm Uibrig, Eckhard Auch, 2014-01-21 This book provides an overview of the complex challenges and opportunities related to forest based rural development in the tropics and subtropics Applying a socio ecological perspective the book traces the changing paradigms of forestry in rural development throughout history summarizes the major aspects of the rural development challenge in forest areas and documents innovative approaches in fields such as land utilization technology and organizational development rural advisory services financing mechanisms participative planning and forest governance It brings together scholars and practitioners dealing with the topics from various theoretical and practical angles Calling for an approach that carefully balances market forces with government intervention the book shows that forests in rural areas have the potential to provide a solid foundation for a green global economy

Guidelines for Formulating National Forest Financing Strategies Promode Kant, 2013

Timber Peter Dauvergne, Jane Lister, 2011-04-11 Timber is a vital resource that is all around us It forms our homes and furniture our disposable diapers and newspapers and boxes our cereal and new appliances The way we produce and consume timber however is changing With international timber companies and big box discount retailers increasingly controlling through global commodity chains where and how much timber is traded the world's remaining old growth forests particularly in the developing world are under threat of disappearing all for the price of a consumer bargain

Measuring Sustainability and CSR: From Reporting to Decision-Making Slobodan Kacanski, Johannes Kabderian Dreyer, Kristian J. Sund, 2023-03-28 This book discusses reliability and other related issues such as reporting and decision making pertinent to sustainability and corporate responsibility reporting practices Investors governments and NGOs expect businesses to report their environmental and social performance This information is used to legislate regulate industries and guide the investment of billions of dollars through pensions and mutual funds But can we trust these measurements In order

to answer this question the editors and contributors all academic thought leaders from a variety of fields offer a set of reflections on problems that various stakeholders might be exposed to These problems are mainly due to a lack of standardized reporting practices and guidelines and inconsistencies in measurements used for the valuation of corporate sustainability performance indicators This book is of great interest to students scholars and stakeholders to help comprehend the importance of accounting on sustainability practices for decision making and measures therein but also the reliability risks involved in these measurements Thus it moves away from simply pushing for more sustainability reporting towards a more critical discussion of measurement issues and potential consequences of the aforementioned problems to different fields such as finance marketing or strategy **President's Tax Relief Proposals** United States. Congress. House.
