**Drugs as Weapons Against Us** John L. Potash, 2015-05-25 *Drugs as Weapons Against Us* meticulously details how a group of opium trafficking families came to form an American oligarchy and eventually achieved global dominance. This oligarchy helped fund the Nazi regime and then saved thousands of Nazis to work with the Central Intelligence Agency CIA operations such as MK Ultra pushed LSD and other drugs on leftist leaders and left leaning populations at home and abroad. Evidence supports that this oligarchy further led the United States into its longest running wars in the ideal areas for opium crops while also massively funding wars in areas of coca plant abundance for cocaine production under the guise of a war on drugs that is actually the use of drugs as a war on us. *Drugs as Weapons Against Us* tells how scores of undercover U S Intelligence agents used drugs in the targeting of leftist leaders from SDS to the Black Panthers Young Lords Latin Kings and the Occupy Movement. It also tells how they particularly targeted leftist musicians including John Lennon Jimi Hendrix Kurt Cobain and Tupac Shakur to promote drugs while later murdering them when they started sobering up and taking on more leftist activism. The book further uncovers the evidence that Intelligence agents dosed Paul Robeson with LSD gave Mick Jagger his first hit of acid hooked Janis Joplin on amphetamines as well as manipulating Elvis Presley Eminem the Wu Tang Clan and others.

**Project Mind Control** Stephen Kinzer, 2023-11-19 *MK ULTRA* gab ihm die Macht über Leben und Tod anderer Menschen zu entscheiden Grausame Menschenversuche in Geheimgegnissen neue Foltermethoden bewusstseinsverändernde Drogen in Fake Bordellen und nicht nachweisbare Gift Attentate alles im Auftrag der CIA und amerikanischer Präsidenten. Das ist nicht der Plot eines Hollywoodstreifens sondern Teil der Biografie des Chemikers Dr. Sidney Gottlieb einer der tödlichsten Geheimwaffen der CIA bis in die 1970er Jahre. Als Leiter des streng geheimen MK ULTRA Projekts forschte er an Wegen das Bewusstsein von Menschen zu kontrollieren. In Geheimoperationen war Gottlieb außerdem federführend bei Attentatsversuchen der CIA auf missliebige Regierungschefs wie Fidel Castro Tschu En Lai oder Patrice Lumumba. Der Journalist und Bestsellerautor Stephen Kinzer bringt Licht in dieses dunkle und nicht enden wollende Kapitel der amerikanischen Geschichte. Anhand neuer dokumentarischer Recherchen und Originalinterviews zeigt Kinzer wie skrupellos die US Regierung auch in Zusammenarbeit mit anderen Nationen Experimente an entbehrlichen Menschen durchführte um dem vermeintlich höheren Zweck der inneren Sicherheit zu dienen.

*Prairie Power* Sarah Eppler Janda, 2018-01-25 *Student radicals and hippies in Oklahoma* Though most scholarship about 1960s era student activism and the counterculture focuses on the East and West Coasts Oklahoma's college campuses did see significant activism and dropping out. In *Prairie Power* Sarah Eppler Janda fills a gap in the historical record by connecting the activism of Oklahoma students and the experience of hippies to a state and a national history from which they have been absent. Janda shows that participants in both student activism and retreat from conformist society sought connections to Oklahoma's past while forging new paths for

themselves She shows that Oklahoma students linked their activism with the grassroots socialist radicalism and World War I era anti draft protest of their grandparents generation citing Woody Guthrie Oscar Ameringer and the Wobblies as role models Many movement organizers in Oklahoma especially those in the University of Oklahoma s chapter of Students for a Democratic Society and the anti war movement fit into a larger midwestern and southwestern activist mentality of prairie power a blend of free speech advocacy countercultural expression and anarchist tendencies that set them apart from most East Coast student activists Janda also reveals the vehemence with which state officials sought to repress campus agitators and discusses Oklahomans who chose to retreat from the mainstream rather than fight to change it Like their student activist counterparts Oklahoma hippies sought inspiration from older precedents including the back to the land movement and the search for authenticity but also Christian evangelicalism and traditional gender roles Drawing on underground newspapers and declassified FBI documents as well as interviews the author conducted with former activists and government officials *Prairie Power* will appeal to those interested in Oklahoma s history and the counterculture and political dissent in the 1960s

United States making him a hidden godfather of the 1960s counterculture For years he was the chief supplier of spy tools used by CIA officers around the world Stephen Kinzer author of groundbreaking books about U S clandestine operations draws on new documentary research and original interviews to bring to life one of the most powerful unknown Americans of the twentieth century Gottlieb s reckless experiments on expendable human subjects destroyed many lives yet he considered himself deeply spiritual He lived in a remote cabin without running water meditated and rose before dawn to milk his goats During his twenty two years at the CIA Gottlieb worked in the deepest secrecy Only since his death has it become possible to piece together his astonishing career at the intersection of extreme science and covert action Poisoner in Chief reveals him as a clandestine conjurer on an epic scale
