Interdisciplinary Research in Technology and Management Satyajit Chakrabarti, Ashiq A. Sakib, Souti Chattopadhyay, Sanghamitra Poddar, Anupam Bhattacharya, Malay Gangopadhyaya, 2024-05-30 IRTM 2023 We live in an inter connected world In the era of Industry 5 0 technology is getting embedded more and more in the way we learn live work and play This progression is accelerating at a pace never seen before Inter disciplinary and collaborative research across disciplines within the Technology domain and Management domain and across the Technology Management interface is opening up exciting new possibilities for solving problems whose solutions are beyond the scope of a single discipline domain or practice and helping to create a brave new world We are living in an incredible time of change Our effort to hold such an interdisciplinary conference in the virtual mode apparently resonated across the academic community as was evident from the huge response that the first ever conference on Interdisciplinary Research in Technology and Management IRTM held in February 2021 had received from participants across many countries This has encouraged the organizers to hold the next edition of the conference physically in Kolkata on a larger scale in the online mode The pandemic unleashed by Covid 19 in the last two years has shaken the socio economic foundations of countries and societies to a point where the world cannot be the same as before the pandemic It has re focused the world s attention on the priority of healthcare and healthcare infrastructure and its innovative management Inevitably questions have again been raised more vehemently on what kind of a world we want to live in Environmental

concerns are being pursued with renewed vigour The urgency of developing new robust infrastructure relevant for the new world is gaining wider consensus By 2030 as reports suggest cyber physical systems internet of things and wearable technology will be everywhere and in everything renewable energy will power the world and digital entertainment will take centre stage among other developments The third edition of the conference on Interdisciplinary Research in Technology and Management attempts to spotlight the above concerns The number of tracks on which papers are invited from scholars researchers consultants and practitioners to share their interdisciplinary research and consultative work has been enlarged As before the papers will be peer reviewed and authors of the selected papers will be invited to present their papers in the IRTM conference The presentation of papers will be interspersed with Keynote Talks by eminent experts on the theme of the conference or individual domains
