#### Zeno S Conscience:

Zeno's Conscience Italo Svevo, 2015-03-18 Long hailed as a seminal work of modernism in the tradition of Joyce and Kafka and now available in a supple new English translation Italo Svevo's charming and splendidly idiosyncratic novel conducts readers deep into one hilariously hyperactive and endlessly self deluding mind The mind in question belongs to Zeno Cosini a neurotic Italian businessman who is writing his confessions at the behest of his psychiatrist Here are Zeno s interminable attempts to guit smoking his courtship of the beautiful yet unresponsive Ada his unexpected and unexpectedly happy marriage to Ada s homely sister Augusta and his affair with a shrill voiced aspiring singer Relating these misadventures with wry wit and a perspicacity at once unblinking and compassionate Zeno's Conscience is a miracle of psychological realism Interstitial Writing Paolo Bartoloni, 2003 This book pushes literary theory into unexplored grounds to articulate the modern and contemporary condition of interstitiality through an innovative discussion of literary and philosophical underpinnings and interpretation of works by Calvino Caproni Sereni and Svevo It will appeal to Italianists and anyone studying Italian literature The Ethics of Reading According to Emmanuel Levinas Roland A. Champagne, 2023-06-05 Reading a text is an ethical activity for Emmanuel Levinas His moral philosophy considers written texts to be natural places to discover relations of responsibility in Western philosophical systems which are marked by extreme violence and totalizing hatred While ethics is understood to mean a relationship with the other and reading is the appropriation of the other to the self readings according to Levinas naturally entail relationships with the other Levinas s own writings are often frought with the struggle between his own maleness the concerns of feminism and the Judaism that marks his contributions to the debates of the Talmud This book uses male feminism as its perspective in presenting the applications of Levinas s ethical vision to texts whose readings have presented moral dilemmas for women readers Levinas s philosophical theories can provide keys to unlock the difficulties of these texts whose readings will provide models of reading as ethical acts beginning with the ethical contract in Song of Songs where the assumption of a woman writer begins the elaboration of issues that sets a male reader as her other From the reader s vantage point of seeing the self as other other issues of male feminism become increasingly poignant ranging from the solicitude of listening to C line Chapter 2 the responsibility for noise in Nizan Chapter 3 the asymmetrical pattern of face to face relationships in Maupassant Chapter 4 the sovereignty of laughter in Bataille and Zola Chapter 5 the call of the other in Italo Svevo Chapter 6 the Woman as Other in Breton Chapter 7 the ethical self in Drieu la Rochelle Chapter 8 the response to Hannah Arendt Chapter 9 and the vulnerability of Bernard Henri L vy Chapter 10 The male feminist reader is thus the incarnation of the struggle at the core of the issues outlined by Levinas for the act of reading as an ethical endeavor Die italienische Literatur Heinz Willi Wittschier, 2013-06-21 Keine ausf hrliche Beschreibung fr Die italienische Literatur verf gbar Lektüren für das 21. Bartoloni, 2016-08-10 This book makes visible the hidden relations between things and individuals through a discussion of creative processes and cultural practices Italian life and culture are filled with objects that cross accompany facilitate or disrupt experience desires and dreams Yet in spite of their ubiquity theoretical engagement in the Italian context is still underdeveloped Paolo Bartoloni investigates four typologies the fictional migrant multicultural transnational and the artificial to hypothesize that the ability to treat things as partners of emotional and creative expression creates a sense of identity predicated on inclusivity openness care and attention The Facts on File Companion to the World Novel Michael Encyclopedia of the World Novel, 1900 to the Present Michael David Sollars, Arbolina Llamas Jennings, 2008 Sollars, Arbolina Llamas Jennings, 2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature Literary Diseases Gian-Paolo Biasin, 1975-04-01 Disease real or imagined physical or mental is a common theme in Western literature and is often a symbol of modern alienation In Literary Diseases a comprehensive analysis of the metaphorical and symbolic force of disease in modern Italian literature Gian Paolo Biasin expands the geography of the discussion of this important theme Using as a backdrop the perspective of European experiences of the previous hundred years Biasin analyzes the theme of disease as a reflection of certain sociological and historical phenomena in modern European novels as a metaphor for the world visions of selected Italian novelists and especially as a vehicle for understanding the nature and function of fiction itself The core of Biasin's study is found in his discussion of the works of four major Italian writers In his criticism of the novels of Giovanni Verga who stood at the center of many complex developments in the nineteenth century he examines the antecedents of modern Italian prose He then scrutinizes the works of Italo Svevo and Luigi Pirandello who together inaugurated the modern novel in Italy Of particular interest is his exploration of their critical use of psychoanalysis and madness climaxed by apocalyptic visions He then discusses the prose of Carlo Emilio Gadda which epitomizes the problems of the avant garde in its experimentalism and expressionism Biasin utilizes a broad spectrum of critical approaches from sociology psychoanalysis and different trends in modern French American and Italian literary criticism in shaping his own methodology which is a thematic and structural symbolism He concludes that disease in literature should be considered as a metaphor for writing criture and as a cognitive instrument that calls into question the anthropocentric values of Western culture The book with its textual comparisons and unusual supporting examples constitutes a significant methodological contribution as well as a major survey of modern Italian prose and will allow the reader to see traditional landmarks in European fiction in a new light <u>Literary Infinities</u> Baylee Brits, 2017-11-16 Today we have forgotten that mathematics was once aligned with the arts rather than with the sciences Literary Infinities analyses the connection between the late 19th century revolution in the mathematics of the infinite and the literature of 20th century modernism opening up a novel path of influence and inquiry in modernist literature Baylee Brits considers the role of numbers and the concept of the infinite in key modernists including James Joyce Italo Svevo Jorge Luis

Borges Samuel Beckett and J M Coetzee She begins by recuperating the difficult and rebellious German mathematician Georg Cantor for the broader artistic cultural and philosophical project of modernism Cantor revolutionized the mathematics of the infinite creating reverberations across the numerical sciences philosophy religion and literary modernism This modernist infinity is shown to undergird and shape key innovations in narrative form creating a bridge between the mathematical and the literary presentation and representation formalism and the tactile imagination Fiction Edwin Frank, 2024-11-19 One of the Washington Post s 50 Best Nonfiction Books of 2024 A New York Times Book Review Editors Choice Ambitious intelligent and happily unpretentious Louis Menand The New Yorker Convincing idiosyncratic and often felicitous Alexandra Jabobs The New York Times Book Review A legendary editor s reckoning with the twentieth century novel and the urgent messages it sends How can we live differently a young woman urgently demands in Virginia Woolf's novel The Years It is the 1930s war and death are in the air but her question was asked again and again in the course of a century where things changed fast and changed all the time The century brought world wars revolutions automobiles movies and the internet votes for women death camps The century brought questions Novelists in the twentieth century had a question of their own how can we write a novel as startling and unforeseen as the world we live in Again and again they did transforming the novel as the century remade the world Imagine the history of the twentieth century novel recounted with the urgency and intimacy of a novel That's what Edwin Frank the legendary editor who has run the New York Review Books publishing imprint since its inception does in Stranger than Fiction With penetrating insight and originality Frank introduces us to books some famous some little known from the whole course of the century and from around the world Starting with Dostoevsky's Notes from Underground of 1864 Frank shows how its twitchy self undermining and never satisfied narrator established a voice that would echo through the coming century He illuminates the political vision of H G Wells s science fiction Colette and Andre Gide s subversions of traditional gender roles and Gertrude Stein s untethering of the American sentence He describes the monumental ambition of books such as Mrs Dalloway The Magic Mountain and The Man Without Qualities to rebuild a world of human possibility upon the ruins of World War I and explores how Japan s Natsume S seki and Nigeria s Chinua Achebe broke open European models to reflect their own distinct histories and experience Here too are Vasily Grossman Anna Banti and Elsa Morante reckoning in specific ways with the traumas of World War II while later chapters range from Marguerite Yourcenar and V S Naipaul to Gabriel Garc a Marguez and W G Sebald The story as a whole is one of fearless often reckless exploration as well as unfathomable desolation Throughout we discover the power of the novel to reinvent itself to find a way for itself to live differently Stranger than Fiction offers a new vision of the history and art of the novel and of a dark and dazzling time in whose light and shadow we still stand
