The literary canon implies the evaluation or estimation of certain literary texts as the most important during a particular time The canon is not merely a set of texts it is a set of standards evaluative procedures and values Belonging to a canon confers a guarantee of literary greatness A canon is formed by a particular group to channelize cultural hegemony over others or can be constructed by a governed group to bring about cultural symmetry The rise of diverse literatures in English in different parts of the world after the colonial rule of England was the consequence of an urge to articulate a cultural equilibrium or an urge to strike back The process of canon formation is also a focused and bigoted act and is always carried out to accomplish certain self centred objectives It is commonly accepted that canon formation is executed to accomplish or naturalize certain ideological functions In the sphere of Indian English literature Indian English fiction after the end of the 1980s has emerged as a new canon This book looks into the process of literary canon formation in Indian universities and examines such fiction as an alternative literary canon and as an anti imperialistic response to the British literary canon The book ascertains the anti imperialistic design involved in forming the canon of post 1980 Indian English fiction examines the gradual emerging trends in such fiction and discerns the role of language culture and native ethos in the formation of a canon It also differentiates post 1980s Indian English fiction from British fiction bhasa fiction and even from pre 1980s Indian English fiction *English File 4E Intermediate Student Book* Christina Latham-Koenig, Clive Oxenden, Kate Chomacki, Jerry Lambert, 2018-12-06 English File s unique lively and enjoyable lessons are renowned for getting students talking In fact 90% of English File teachers we surveyed in our impact study found that the course improves students speaking skills **English File 4E**
