**The Chinese Party-State in the 21st Century** Andre Laliberte,Marc Lanteigne,2007-12-18 As the Chinese Communist Party continues to move away from socialism it faces a growing number of challenges to the claim that it represents the sole legitimate governing body in China In order to reaffirm itself as the most effective force for keeping the country together the CCP has adapted to contemporary political conundrums in a variety of ways Rejecting pessimistic perspectives which predict an erosion of state power or naive optimism that state society relations will evolve towards a Western style pluralist democracy in the foreseeable future the contributions to this volume explore many ways in which the CCP selectively adapts to the challenges that have arisen from

its strategy of rapid economic growth at the expense of political reform in order to maintain its authority and relevance Examining trends such as the reliance on religious charities originating from outside the PRC the revival of local governance in urban settings the passing of legislation for workers or the multiplication of environmental non governmental organizations this book tackles the question of whether the Chinese government can overcome these challenges The Chinese Party State in the 21st Century Adaptation and the Reinvention of Legitimacy will appeal to students and scholars of Chinese politics Asian politics comparative politics and political sociology Racial Criminalization of Migrants in the 21st Century Salvatore Palidda, 2016-05-23 Over the last two decades in the West there has been a significant increase in the arrest imprisonment and detention of migrants The racial criminalization and victimization of migrants and Roma people has led judicial authorities local governments the police mass media and the general population to perceive migrants and gypsies as responsible for a wide range of offences Taking into consideration the political and cultural conditions that affect and interconnect societies of emigration and immigration the contributors examine and compare a range of cases in Europe and the United States The contributions demonstrate how the persecution of the current enemy is the total political fact of the 21st century in that it ensures consensus and business or what might be termed the crime deal of today This provocative book has international appeal and will be a valuable resource for academics researchers and policymakers with an interest in migration and social and ethnic control *Sitting in the Circle* Dr. Jon Berenson, 2013-05-22 These 37 essays are rooted in the inspiration I experience in working with my patients and with participants at the Opening the Heart Workshop Though they are all very different in tone and content they are all about love in the small places off center stage They may have been about lifting a hosta leaf and finding a spider's web in diamonds of morning dew or about watching new grass grow holding a weeping patient in my office watching a man outside my office drag his leg behind as he carries groceries home They are all I think small love stories
