Bumberry, 2025-09-01 Infidelity is a painful and often traumatic experience that can lead to feelings of mistrust hypervigilance insecure attachment and emotional upheaval for both partners Written by a psychologist and based on the popular Gottman Method for couples therapy this book offers powerful trauma informed skills to help readers heal from infidelity strengthen love and intimacy and rebuild trust after betrayal Teaching by Heart Thomas J. DeLong, 2020-01-14 The best teachers are leaders and the best leaders are teachers *Teaching by Heart* summarizes the author's key insights gained from more than forty years of teaching and managing It illustrates how teachers can both lift people up and let them down It proposes that the best teachers are also leaders and the best leaders are also teachers In examining how to lead and teach renowned Harvard Business School professor Thomas J DeLong takes the reader inside his own head and heart He notes that as teachers we often focus more on our inadequacies and missteps than on our strengths and unique talents He explains why this is so by dissecting and analyzing his own experiences using himself as a case study The book's goal is to help readers learn about the intricacies of teaching and managing and to impart lessons about how teachers can create a unique teaching atmosphere To do this the author analyzes the process of creating a curriculum preparing for an eighty minute class managing the fifteen minutes before class begins and evaluating the nature of the teaching experience after the session concludes Along the way he connects specific classroom behaviors with leadership issues in organizations in teams and in personal relationships He also asks and answers some provocative questions such as What happens on multiple levels when I teach or lead with me students or professionals What am I thinking and feeling as I process what students are thinking and feeling How are my internal conversations affecting how I teach and lead How do I manage my biases including

having favorite students To what extent can I use teaching methods in the arena of management Throughout Teaching by Heart DeLong discusses why empathy and authenticity matter When teachers embrace this mindset students have the opportunity to have a unique learning experience Teachers and managers will learn how to create moments of transformation for students Whether you re a university professor a student a business leader or just someone fascinated by teaching this book will instruct entertain and hopefully inspire

Getting Relationships Right Melanie Joy, 2020-01-29 Bestselling author psychologist and relationship coach Melanie Joy shares the principles and tools that can make any relationship from personal to professional healthier and more resilient Relationships are complicated Yet it s an unfortunate reality that while most of us have to learn complex geometry that we ll probably never use we don t get a single formal lesson in how to relate to others In this one stop guide psychologist Melanie Joy reveals the common psychological dynamics that underlie all kinds of relationships with a romantic partner friends family members colleagues in short with anyone in any situation Understanding these dynamics will help you make all your relationships healthier and more resilient Relationships are like bodies they get sick when their immune system is weaker than the germs that stress them Drawing on the most relevant research as well as on her own extensive experience as a psychologist Joy explains how to strengthen your relational immune system to resist not only interpersonal stressors but also largely invisible yet potentially devastating societal stressors like racism and sexism With this understanding you can cultivate relationships that consistently reflect core moral values and honor the dignity of everyone involved Resilient relationships are not only a source of joy and fulfillment for those who are in them they also support the thriving of the organizations and communities of which we all are a part

Infidelity Paul R. Peluso, Taylor J. Irvine, 2024-06-06 This second edition brings together an impressive array of experts to discuss and provide understanding to the treatment of infidelity. Bringing together voices from a range of disciplines and backgrounds including couples therapy, family therapy, evolutionary psychology, relational research, and more, Peluso and Irvine help therapists understand and practically treat this common and complex issue. Divided into three parts, chapters begin by laying the foundations for understanding why couples commit infidelity, before looking at different treatments such as Gottman Method Couples Therapy, models of fidelity and forgiveness, and other integrative approaches. This new edition includes brand new material on topics such as nonmonogamy, teletherapy, cyber infidelity, and the impact of infidelity on couples and families from different social, cultural, generational, and sexual perspectives. With revised referrals and resources at the end of each chapter, additional infidelity treatment methods, and examinations of gender, race, and power, this guide is essential reading for all practicing and training marriage and family therapists, counselors, psychotherapists, and social workers.

Behavioral, Humanistic-Existential, and Psychodynamic Approaches to Couples Counseling Michael D. Reiter, Ronald J. Chenail, 2017-01-27 Couples counseling is distinct from individual and family therapy, and while ideas from these other formats may be overlapping, applying theoretical concepts to couples has distinctive challenges. Behavioral, Humanistic-Existential, and Psychodynamic Approaches to Couples Counseling is unique in that it addresses how to conceptualize various theories around a single case. By discussing only one case, the reader is more readily able to compare and contrast the theoretical ideas of each theory as well as the pragmatics of techniques. Five theories are discussed around four consistent parts: history, theory of problem formation, theory of problem resolution, and case transcript.

An Introduction to Marriage and Family Therapy Joseph L. Wetchler, Lorna L. Hecker, 2014-08-27 Now in its second edition, this text introduces readers to the rich history and practice of Marriage and Family Therapy with 32 professionals from across the US presenting their knowledge in their areas of expertise. This blend of approaches and styles gives this text a unique voice and makes it a comprehensive resource for graduate students taking their first course in Marriage and Family Therapy. The book is divided into three sections. Part 1 focuses on the components on which 21st century family therapy is based and summarizes the most recent changes made to not only therapeutic interventions but to the very concept of family. Part 2 presents an overview of the 7 major theoretical models of the field: structural, strategic, Milan, social constructionist, experiential, transgenerational, and cognitive-behavioral family therapy. Each chapter in this section focuses on the founder of the theory, its theoretical tenants, and its key techniques. Shows how the model focuses on diversity. Presents the research that supports the approach. Part 3 addresses specific treatment areas that are common to marriage and family therapists such as sex therapy, pre-marital therapy, research, and ethics and legal issues. As an introduction to the field of Marriage and Family Therapy, this volume stands above the rest. Not only will readers gain an understanding of the rich history of the field and its techniques, but they will also see a complete picture of the context in which families are embedded, such as gender, culture,

spirituality and sexual orientation This knowledge is the key to understanding what differentiates Marriage and Family Therapy from individual psychotherapy Glossaries case studies tables figures and appendices appear generously throughout the text to present this information and give students a thorough overview to prepare them for their professional lives
