King, 2014-04-03 This hidden gem was first published

60 years ago but was known only to a lucky few until it resurfaced in 2005 when 300 000 requests were made for a CEO's personalised version. In the summer of 2005 Business 2.0 published a cover story on a self-published management pamphlet by the CEO of American aerospace contractor Raytheon. Lauded by chief executives including Jack Welch and Warren Buffett, one of the best books I've seen, it became a phenomenon and more than 300 000 people wrote in to ask for a copy. But much of the pamphlet drew on a book from 1944 which Profile reissued updated as *The Unwritten Laws of Business* in 2007. Filled with sage advice and written in a clear, engaging style, it offers insights on relating to colleagues and outsiders, the laws of character and personality, personal development and much, much more, all of which has stood the test of time. Refreshingly free of the latest business jargon, *The Unwritten Laws of Business* is wise, ethical and insightful, capturing and distilling the timeless truths and principles that underlie management and business the world over. *Leadership Transformed* Peter Fuda, 2013-08-22. Ask around in business circles and you'll get a thousand different answers. But now, internationally renowned leadership expert Dr Peter Fuda has created a single coherent roadmap for greatness after more than a decade's research and practice. Fuda shares the seven common threads that have enabled hundreds of CEOs across the world to transform themselves into effective, inspiring leaders. *Leadership Transformed* uses seven easy-to-remember metaphors to distil Fuda's research into a pathway for real, lasting change. The Fire metaphor, for example, will help you shift from burning platforms, fear-driven leadership to burning ambition, purpose-driven leadership. Fuda has helped leaders on four continents achieve greatness. Previously available only to the select clients of his industry-leading consultancy, now Fuda's expert knowledge can help kick-start your own leadership transformation. **Consiglieri - Leading from the Shadows** Richard Hytner, 2014-06-05. The key to success lies in getting to the top right. Wrong. Not everyone can be No. 1, and more importantly, not everyone wants to be. Consiglieri turns the spotlight on the second in command: the advisers, assistants and counsellors, or consiglieri, who are too often disparaged as the No. 2. Far from being also-rans, these are the crucial vice-presidents, first lieutenants and right-hand men and women whose influence can determine the fate of countries, companies and individual ventures all over the world. In this timely celebration of the done-down deputy, Richard Hytner himself, a former CEO and now deputy chairman of Saatchi & Saatchi, presents a remarkable array of powerful advisers, from Alastair Campbell and Hillary Clinton to Rasputin, Machiavelli and Peter Mandelson, and talks to outstanding consiglieri in contemporary business, politics, sport and the arts, revealing in the process what motivates these so-called No. 2s, what makes them great and what their bosses can do to help them flourish. Stylish, clever and entertaining, *Consiglieri* is packed with invaluable advice for every kind of leader, whether in the limelight or the shadows. It may also be one of the wittiest business books ever. *The Obstacle is the Way* Ryan Holiday, 2014-05-01. OVER ONE MILLION COPIES SOLD. 1 Wall Street Journal Bestseller. Follow these precepts and you will revolutionize your life. Steven Pressfield, author of *The War of Art*. A book for the bedside of every future and current leader in the world. Robert Greene, author of *The 48 Laws of Power*. *The Obstacle is the Way* has become a cult classic.
