the mind to look for them By awakening to and embracing the zen in your life you ll listen watch eat work laugh sleep and breathe your way to truth every moment of every day *Guitar Notes* Mary Amato,2024-11-01 On odd days Tripp uses a school practice room to let loose on a borrowed guitar Eyes closed strumming that beat up instrument Tripp escapes to a world where only the music matters On even days Lyla Marks uses the same practice room To Tripp she s trying to become even more perfect she s already a straight A student and an award winning cellist But when Lyla begins leaving notes for him in between the strings of the guitar his life intersects with hers in a way he never expected What starts as a series of snippy notes quickly blossoms into the sharing of interests and secrets and dreams and the forging of a very unlikely friendship Challenging each other to write songs they begin to connect even though circumstances threaten to tear them apart From beloved author Mary Amato comes a YA novel of wit and wisdom both heartfelt and heartbreaking about the power of music and the unexpected chords that draw us together *Guitar Makers* Kathryn Marie Dudley,2014-11-10 It whispers it sings it rocks and it howls It expresses the voice of the folk the open road freedom protest and rebellion youth and love It is the acoustic guitar And over the last five decades it has become a quintessential American icon Because this musical instrument is significant to so many in ways that are emotional cultural and economic guitar making has experienced a renaissance in North America both as a popular hobby and for some a way of life In *Guitar Makers* Kathryn Marie Dudley introduces us to builders of artisanal guitars their place in the art world and the specialized knowledge they ve developed Drawing on in depth interviews with members of the lutherie community she finds that guitar making is a social movement with political implications Guitars are not simply made they are born Artisans listen to their wood respond to its liveliness and strive to endow each instrument with an unforgettable tone Although professional luthiers work within a market society Dudley observes that their overriding sentiment is passion and love of the craft Guitar makers are not aiming for quick turnover or the low cost reproduction of commodities but the creation of singular instruments with unique qualities and face to face transactions between makers buyers and dealers are commonplace In an era when technological change has pushed skilled artisanship to the margins of the global economy and in the midst of a capitalist system that places a premium on ever faster and more efficient modes of commerce Dudley shows us how artisanal guitar makers have carved out a unique world that operates on alternative more humane and ecologically sustainable terms *The Musical Soul Train* Philip ?PM? Moey,2014-04 As children most of us freely express the joy the music within us Our emotions are close to the surface and we can bring them forth at the drop of a hat But as we become adults the joy seems to get buried deeper and deeper Real life can take the music from our very being But does it have to be that way Is there anything we can do about it In *The Musical Soul Train* Discover the Songs from Your Heart author Philip PM Moey shares his knowledge and experiences of life s spiritual pathways Moey s fifteen years of research has taught him that though there are many universal principles about life many are fundamentally the same but approached from different angles The paths eventually lead to a single life worth living

if you choose to do it well And to live well you cannot allow the music to die within you Mo'Nique includes his personal musical flavor but that does not mean it has to be ours he reminds us that each of us has a song to be sung and showcased The Musical Soul Train will thrill anyone who longs to tell his or her own story and anyone who is looking for a more meaningful inspired life
