*Conceptualising Property Law* Yaëll Emerich, 2018-11-30 Conceptualising Property Law offers a transsystemic and integrated approach to common law and civil law property. Property law has traditionally been excluded from comparative law analysis, common law and civil law property being deemed irreconcilable. With this book Yaëll Emerich aims to dispel the myth that comparison between these two systems of property is impossible. By establishing a dialogue between common law and civil law property, it becomes clear that the two legal traditions share common ground in the way that they address legal, cultural, and social issues related to property and wealth. *Canadian Books in Print. Author and Title Index*, 1975. A

*Property Law Reader* Bruce H. Ziff, 2012. **Dictionnaire Juridique de la Propriété Au Canada** Anne Des Ormeaux, Jean-Marie Lessard, 2009. **Indigenous-Industry Agreements, Natural Resources and the Law** Ibironke T. Odumosu-Ayanu, Dwight Newman, 2020-12-27. This edited collection is an interdisciplinary and international collaborative book that critically investigates the growing phenomenon of Indigenous industry agreements—agreements that are formed between Indigenous peoples and companies involved in the extractive natural resource industry. These agreements are growing in number and relevance, but there has yet to be a systematic study of their formation and implementation. This groundbreaking collection is situated within frameworks that critically analyze and navigate relationships between Indigenous peoples and the extraction of natural resources. These relationships generate important questions in the context of Indigenous industry agreements in diverse resource-rich countries, including Australia and Canada, and regions such as Africa and Latin America. Beyond domestic legal and political contexts, the collection also interprets, navigates, and deploys international instruments such as the United Nations Declaration on the Rights of Indigenous Peoples in order to fully comprehend the diverse expressions of Indigenous industry agreements.

**Indigenous Industry Agreements, Natural Resources and the Law** presents chapters that comprehensively review agreements between Indigenous peoples and extractive companies. It situates these agreements within the broader framework of domestic and international law and politics, which define and are defined by the relationships between Indigenous peoples, extractive companies, governments, and other actors. The book presents the latest state of knowledge and insights on the subject and will be of value to researchers, academics, practitioners, Indigenous communities, policymakers, and students interested in extractive industries, public international law, Indigenous rights, contracts, natural resources law, and environmental law.
