Teaching Media Ethics
Sherry Baker, 2020-11-25 Both new instructors teaching media ethics for the first time and mature faculty who recognize that media ethics instruction deserves more than being worked into the professional classes find most of their instructional techniques come from observing their own instructors or from hunches The literature of media ethics appears to be long on principle and reasoning but short on how to transmit that body of wisdom to students already dazed by an assault on their right wrong world Accordingly this special issue is aimed at providing some correction to the problem by presenting a few ideas to help instructors whether they labor in the classroom or in the newsroom

Communication and Media Ethics
Patrick Lee Plaisance, 2018-09-10 Ethics in communication and media has arguably reached a pivotal stage of maturity in the last decade moving from disparate lines of inquiry to a theory driven interdisciplinary field presenting normative frameworks

and philosophical explications for communicative practices The intent of this volume is to present this maturation to reflect the vibrant state of ethics theorizing and to illuminate promising pathways for future research

The Routledge Handbook of Mass Media Ethics Lee Wilkins, Clifford G. Christians, 2020-03-13 This fully updated second edition of the popular handbook provides an exploration of thinking on media ethics bringing together the intellectual history of global mass media ethics over the past 40 years summarising existing research and setting future agenda grounded in philosophy and social science This second edition offers up to date and comprehensive coverage of media ethics including the ethics of sources social media the roots of law in ethics and documentary film The wide range of contributors include scholars and former professionals who worked as journalists public relations professionals and advertising practitioners They lay out both a good grounding from which to begin more in depth and individualized explorations and extensive bibliographies for each chapter to aid that process For students and professionals who seek to understand and do the best work possible this book will provide both insight and direction Standing apart in its comprehensive coverage The Routledge Handbook of Mass Media Ethics is required reading for scholars graduate students and researchers in media mass communication journalism ethics and related areas

Global Media Ethics Stephen J. A. Ward, 2013-03-04 Global Media Ethics Global Media Ethics Problems and Perspectives The book pleads convincingly that news media outlets and practitioners should urgently reconsider their practices and norms in a world gone global and digitally convergent The various contributions broach the topic from completely different perspectives to create a very stimulating and constructive framework to identify and face the new ethical challenges of journalism and the news media Fran ois Heinderyckx Universit libre de Bruxelles News that crosses boundaries of culture and geography means rethinking media ethics The demands of role audience digital transmission and an industry under fierce economic pressure require the insightful approach to ethical thinking this volume provides From theory to practice this book has something for scholars and professionals alike Lee Wilkins Journal of Mass Media Ethics Global Media Ethics is a cross cultural exploration of the conceptual and practical issues facing media ethics in a global world Focusing on the ethical concepts principles and questions in an era of major change this unique textbook explores the aims and norms that should guide the publication of stories that impact across borders and which affect a globally linked pluralistic world Through case studies analysis of emerging practices and theoretical discussion a team of leading journalism and communication experts investigate the impact of major global trends on responsible journalism and lead readers to better understand changes in media ethics Chapters look at how these changes promote or inhibit responsible journalism how such changes challenge existing standards and how media ethics can develop to take account of global news media In light of the fact that media journalism is now and will increasingly become multimedia in format and global in its scope and influence the book argues that global media impact entails global responsibilities It is therefore critical that media ethics rethinks its basic notions standards and practices from a more cosmopolitan perspective

Living Media Ethics Michael

Bugeja, 2018-10-26 Winner of the Clifford G Christians Award for Research in Media Ethics Michael Bugeja's *Living Media Ethics* posits that moral convergence is essential to address the complex issues of our high tech media environment. As such, the book departs from and yet complements traditional pedagogy in media ethics. Bugeja covers advertising, public relations, and major branches of journalism, as well as major schools of philosophical thought and historical events that have shaped current media practices. Examining topics including responsibility, truth, falsehood, temptation, bias, fairness, and power, chapters encourage readers to develop a personal code of ethics that they can turn to throughout their careers. Each chapter includes exercises as well as journal writing and creative assignments designed to build, test, and enhance individual value systems. Unlike other texts, this media ethics book ends with an assignment to create a digital portfolio with a personal ethics code aligned with a desired media position or company.

Media Ethics Matthew Kieran, 2002-01-22 *Media Ethics* brings together philosophers, academics, and media professionals to debate pressing ethical and moral questions for journalists and the media, and to examine basic notions such as truth, virtue, privacy, rights, offence, harm, and freedom, which are used in answering them.

Media Ethics Bart Pattyn, 2000 Concerns about the role and responsibilities of the media have become an increasingly important part of public debate. *Media Ethics* brings together philosophers, academics, and media professionals to debate both ethics and morality.

Didaktik der Journalistik Beatrice Dernbach, Wiebke Loosen, 2012-02-25 Seit vielen Jahren wird darüber diskutiert, dass die journalistische Aus- und Weiterbildung gleichermaßen Theorie und Praxis braucht. In dem Herausgeberband wird vor dem Hintergrund dieser Diskussion gezeigt, mit welchen didaktischen Konzepten sowohl theoretische, methodische und praktische Kenntnisse und Fertigkeiten in unterschiedlichen Ausbildungseinrichtungen, vor allem Hochschulen und Akademien, vermittelt werden. Entstanden ist daraus ein Überblick von Best Practice Beispielen aus der Journalistenausbildung in den Journalistenausbildenden und Ausbilder aus Wissenschaft und Praxis. Ideen, Ziele, Vorgehensweisen und Methoden ihrer Lehre vorstellen.

A Confucian Approach to Media Ethics Yayu Feng, 2025-01-23 *A Confucian Approach to Media Ethics* offers a comprehensive theorization of an approach to media ethics based on the moral philosophy that originated from China and that profoundly influenced East Asian countries. This book engages with foundational concepts from Confucian ethics and explicates a new framework that can be used for guiding media practices as well as media ethics research and teaching. It suggests that the Confucian ideals of *He* (harmony), *Zhong* (equilibrium), and the notion of *Junzi* can be applied to guide intercultural media practices and sets out a fresh model for ethics education centered on *Xiuji* (self-cultivation), that is different from the training-based and decision-making-centered model prevalent in the Western classrooms. This is also a framework that emphasizes both individual moral growth and the moral character of the broader professional community. Filling a gap in the conversation between Eastern and Western approaches to media ethics, this innovative and important volume will offer new perspectives to students and scholars of media ethics, communication studies, and comparative philosophy.
