missions to several countries including India and China The movement soon became established in most cities and several large towns and enjoying close relations with the popes its followers were ideal instruments for the propagation of the reforms of the Fourth Lateran Council of 1215 They guickly became part of the landscape of medieval life and made their influence felt throughout society BR This book explores the first 250 years of the order s history and charts its rapid growth development pastoral ministry educational organisation missionary endeavour internal tensions and divisions Intended for both the general and more specialist reader it offers a complete survey of the Franciscan Order Dr MICHAEL ROBSON is a The Journal of Medieval and Early Fellow and Director of Studies in Theology at St Edmund s College Cambridge Medieval and Early Modern Representations of Authority in Scotland and the British Modern Studies .2001 **Isles** Kate Buchanan, Lucinda H.S. Dean, 2016-05-20 What use is it to be given authority over men and lands if others do not know about it Furthermore what use is that authority if those who know about it do not respect it or recognise its jurisdiction And what strategies and language written and spoken visual and auditory material cultural and political did those in authority throughout the medieval and early modern era use to project and make known their power These questions have been crucial since regulations for governance entered society and are found at the core of this volume In order to address these issues from an historical perspective this collection of essays considers representations of authority made by a cross section of society within the British Isles Arranged in thematic sections the 14 essays in the collection bridge the divide between medieval and early modern to build up understanding of the developments and continuities that can be followed across the centuries in guestion Whether crown or noble government or church burgh or merchant all desired power and influence but their means of representing authority were very different These essays encompass a myriad of methods demonstrating power and disseminating the image of authority including material culture art literature architecture and landscapes saintly cults speeches and propaganda martial posturing and strategic alliances music liturgy and ceremonial display Thus this interdisciplinary collection illuminates the variable forms in which authority was presented by key individuals and institutions in Scotland and the British Isles By placing these within the context of the European powers with whom they interacted this volume also underlines the unique relationships developed between the people and those who exercised authority over them English Medieval Books Alan Coates, 1999 This history of the books of Reading Abbey covers the period from the abbey s foundation to its dissolution and follows up the dispersal of the book collections to c 1610 It provides valuable material on the use ways in which books were used and about the intellectual life of a medieval monastery By continuing the story beyond the Dissolution and charting the initial stages of the dispersal of the Abbeys books many into the large institutional collections which are their homes today Alan Coates makes a valuable contribution to our understanding of the fate of monastic books and book collecting in the post Dissolution period **Monastic Life in the** Medieval British Isles Julie Kerr, Emilia Jamroziak, Karen Stöber, 2018-10-15 This book celebrates the work and contribution

of Professor Janet Burton to medieval monastic studies in Britain Burton has fundamentally changed approaches to the study of religious foundations in regional contexts Yorkshire and Wales placing importance on social networks for monastic structures and female Cistercian communities in medieval Britain moreover she has pioneered research on the canons and their place in medieval English and Welsh societies This Festschrift comprises contributions by her colleagues former students and friends leading scholars in the field who engage with and develop themes that are integral to Burton s work The rich and diverse collection in the present volume represents original work on religious life in the British Isles from the twelfth to the sixteenth century as homage to the transformative contribution that Burton has made to medieval monastic studies in The Benedictines in the Middle Ages James G. Clark, 2011 The men and women that followed the 6th century customs of Benedict of Nursia c 480 c 547 formed the most enduring influential numerous and widespread religious order of the Latin Middle Ages This text follows the Benedictine Order over 11 centuries from their early diaspora to the challenge of continental reformation Entering a Clerical Career at the Roman Curia, 1458-1471 Kirsi Salonen, Jussi Hanska, 2016-05-06 Building on recent revisionist histories of the quality and ability of the late medieval clergy this is a comprehensive survey of the ordinations of priests at the Roman curia during the pontificates of Pius II 1458 1464 and Paul II 1464 1471 This period has often been presented as one of stasis within the Catholic Church falling between the conciliar movement of the first half of the fifteenth century and the Protestant Reformation and counter reformation of the sixteenth century However the authors argue that this period was one of gradual reform whereby the Church attempted to define and control the quality of the clergy The study analyses archival documentation to reconstruct exactly how young men entered a clerical career and also what influence practices at the curia had on wider clerical ordinations The book concentrates especially on the role of the Apostolic Penitentiary in controlling the quality of priest candidates and on the role of Camera Apostolica in carrying out ecclesiastical ordinations in the papal curia In considering the rules of who could enter the clerical career and also why and how these rules might be circumvented this book sheds new light on the late medieval clergy

William Marx,2003 A new edition of the full text of the Brut continuation previously only known through the damaged version Lyell 34 Borkowski's Textbook on Roman Law Paul J. du Plessis,2020 Borkowski s Textbook on Roman Law is the leading contemporary textbook on Roman law Providing students with a clear and highly readable account of Roman private law and civil procedure it gives a comprehensive overview of both the historical context and modern relevance of Roman law today Translated extracts from the most important Latin legal sources the Digest and the Institutes of Justinian are included throughout Annotated further reading

sections at the end of each chapter support further research Book jacket The Books and the Life of Judith of Flanders Mary Dockray-Miller,2016-12-05 In the first full length study of Judith of Flanders c 1032 1094 Mary Dockray Miller provides a narrative of Judith's life through analysis of the books and art objects she commissioned and collected Organizing her book chronologically by Judith's marriages and commissions Dockray Miller argues that Judith consciously and successfully deployed patronage to support her political and marital maneuverings in the eleventh century European political theater During her marriage to Tostig Godwinson Earl of Northumbria she commissioned at least four Gospel books for herself in addition to the numerous art objects that she gave to English churches as part of her devotional practices The multiple treasures Judith donated to Weingarten Abbey while she was married to Welf of Bavaria culminated in the posthumous gift of the relic of the Holy Blood still celebrated as the Abbey's most important holding Lavishly illustrated with never before published full color reproductions from Monte Cassino MS 437 and Fulda Landesbibliothek MS Aa 21 The Books and the Life of Judith of Flanders features English translations of relevant excerpts from the Vita Oswinii and De Translatione Sanguinis Christi Dockray Miller's book is a fascinating account of this intriguing woman who successfully negotiated the pitfalls of being on the losing side of both the Norman Conquest and the Investiture Controversy
