Dennis investigates the formations that operated these deservedly famous vehicles and uses archive photos and extensively researched color illustrations to examine the markings camouflage and technical aspects of the Sdkfz 251 9 and 251 22 halftracks that served on the Western and Eastern Fronts in the last months of the war A key section of his book displays available model kits and aftermarket products complemented by a gallery of beautifully constructed and painted models in various scales Technical details as well as modifications introduced during production and in the field are also examined providing everything the modeler needs to recreate an accurate representation of these historic tanks
