Think again. Don't take another step until you read this book. Most marketing books give you a formula for how to market your stuff or they give you ideas, sometimes really good ones on how to do it. But no one actually helps you set up a marketing plan that works for you. This book is different. It helps you formulate an actual marketing plan based on what your customers think and feel. It's interactive and it teaches you how to mine information so you really do find out what your customers are thinking. This book gives you the opportunity to make smarter, more effective decisions about your marketing. You can make smart marketing decisions. You can be an effective marketer. You can be a savvy marketer. **Focus On: 100 Most Popular Sedans** Wikipedia contributors, *Automobil-Marketing* Willi Diez, 2015-08-25 Das Buch behandelt neben den Grundlagen des Automobilmarketings zahlreiche Praxisfragen und stellt diese anhand von Best Practice Beispielen dar.
