Inglés 1 Competent Paula Flores Kastanis, 2015-06-09 By the end of English I the student will be able to communicate in English about him or herself and about his/her and other people's activities in their daily context. The purpose of English I first book of the series named Competent is to provide English teachers with the material to cover in detail the first course of five from the DGETI system. Series goal: Students are expected to reach a B1 level according to the Common European Framework CEF at the end of the English program. This means students must be able to do what is described for levels A1, A2 and B1. This is the goal of the English program at DGETI at the end of the five courses. It is expected that at the end of this first course students can achieve skills at a basic user level according to the CEF described as follows: Can understand and use familiar everyday expressions and very basic phrases aimed at the satisfaction of needs of a concrete type. Can introduce him/herself and others and can ask and answer questions about personal details such as where he/she lives, people he/she knows and things he/she has. Can interact in a simple way provided the other person talks slowly and clearly and is prepared to help. The structure of English I is related to three central topics: My information, My surroundings and I, and My activities. Students will learn and apply basic grammatical structures and vocabulary to perform language functions. During the five courses the student participates in activities in which procedural contents identified as language functions and reading strategies are included. These are necessary to develop the competencies of reading, understanding, writing and expressing oneself in English. Key features: The three steps of DGETI programs: Opening activities, Development and End of Unit evaluation. Three units and 18 lessons, clear grammar presentations and activities. Fun activities such as A lottery to practice vocabulary, puzzles, Listening activities, Cultural notes and Information Technologies to help with the learning process. www.sali.org.mx offers audios, videos, vocabulary and more activities. *!asi! 1Teacher's Book* Mike Calvert, Helena Gonzalez-Florido, Niobe O'Connor, Amanda Rainger, 2004.
