Midnight At The Pera Palace Birth Of Modern Istanbul Charles King:

Midnight at the Pera Palace Charles King, 2014-09-08 The inspiration for the Netflix series premiering March 3rd Hugely enjoyable magnificently researched and deeply absorbing Jason Goodwin New York Times Book Review At midnight December 31 1925 citizens of the newly proclaimed Turkish Republic celebrated the New Year For the first time ever they had agreed to use a nationally unified calendar and clock Yet in Istanbul an ancient crossroads and Turkey's largest city people were looking toward an uncertain future Never purely Turkish Istanbul was home to generations of Greeks Armenians and Jews as well as Muslims It welcomed White Russian nobles ousted by the Russian Revolution Bolshevik assassins on the trail of the exiled Leon Trotsky German professors British diplomats and American entrepreneurs a multicultural panoply of performers and poets do gooders and ne'er-do-wells During the Second World War thousands of Jews fleeing occupied Europe found passage through Istanbul some with the help of the future Pope John XXIII At the Pera Palace Istanbul's most luxurious hotel so many spies mingled in the lobby that the manager posted a sign asking them to relinquish their seats to paying guests In beguiling prose and rich character portraits Charles King brings to life a remarkable era when a storied city stumbled into the modern world and reshaped the meaning of cosmopolitanism Red Star over the Black Sea James Meyer, 2023-03-07 N z m Hikmet 1902-1963 is best known as a poet and communist whose daring flight by motorboat from Turkey to the Eastern Bloc captured international headlines in 1951 One of the most important poets to have written in the Turkish language N z m Hikmet's dramatic life story is fascinating in its own right but also intersects with the story of the broader twentieth century James H Meyer situates N z m Hikmet within the broader context of Turkish communist border crossers individuals whose lives would go on to be shaped significantly by their ability inability or need to traverse the frontier Born at the turn of the twentieth century and coming of age in the early 1920s the women and men from N z m Hikmet's generation were the last of the Ottomans Children of empire they had grown up in an era of porous frontiers but by the time they reached their third decade these borders had begun to close Drawing upon an enormous amount of previously untapped archival materials and personal papers from Moscow Istanbul Amsterdam and Washington DC Meyer has written a biography of N z m Hikmet unlike any other A book of world history wrapped inside a life story Red Star over the Black Sea shows how changing attitudes toward borders and the people who cross them impacted a late imperial generation all the way up to the final years of the Cold War **Istanbul** Thomas F. Madden, 2016-11-22 For more than two millennia Istanbul has stood at the crossroads of the world perched at the very tip of Europe gazing across at the shores of Asia The history of this city known as Byzantium then Constantinople now Istanbul is at once glorious outsized and astounding Founded by the Greeks its location blessed it as a center for trade but also made it a target of every empire in history from Alexander the Great and his Macedonian Empire to the Romans and later the Ottomans At its most spectacular Istanbul was re-founded by Emperor Constantine I as New Rome the capital of the eastern Roman Empire He dramatically expanded the city filling it

with artistic treasures and adorning the streets with opulent palaces Constantine built new walls around it all walls that were truly impregnable and preserved power wealth and withstood any aggressor walls that still stand for tourists to visit From its ancient past to the present we meet the city through its ordinary citizens the Jews Muslims Italians Greeks and Russians who used the famous baths and walked the bazaars and the rulers who built it up and then destroyed it including Mustafa Kemal Atatürk the man who christened the city Istanbul in 1930 Thomas Madden's entertaining narrative brings to life the city we see today including the rich splendor of the churches and monasteries that spread throughout the city Istanbul draws on a lifetime of study and the latest scholarship transporting readers to a city of unparalleled importance and majesty that holds the key to understanding modern civilization In the words of Napoleon Bonaparte If the Earth were a single state Istanbul would be its capital

A Sephardi Turkish Patriot Anthony Gad Bigio, 2023-11-15 *A Sephardi Turkish Patriot* explores the life of Gad Franco 1881-1954 a prominent Sephardi journalist then a lawyer and a jurist who worked relentlessly for the Jewish community's belonging to the national Turkish polity and for the consolidation of the rule of law This historical biography written by his grandson takes the reader from fin de siècle Izmir to the Istanbul of the Roaring Twenties and beyond tracing his footsteps including his opposition to Zionism which he considered a threat to assimilation The world of Sephardi Jewry the convulsions and conflicts of the late Ottoman Empire and the birth ruthless consolidation and promising reforms of the young Turkish Republic provide the context to his intriguing life story Inflamed by ethno nationalism the harassment of minorities deepened in the 1930s peaking during World War II By then a wealthy respected Jewish community spokesperson and staunch Kemalist Gad Franco was dealt an exemplary punishment in a shocking campaign to Turkify the economy imposed on all minorities His dramatic downfall at the hands of the Government shook his beliefs to the core As their belonging to the nation had been so brutally denied half of Turkish Jews migrated to Israel in the 1950s putting an end to Gad Franco's lifelong hopes of integration and acceptance

Against the Liberal Order Samuel J. Hirst, 2024-06-26 In the aftermath of the First World War the Western great powers sought to redefine international norms according to their liberal vision They introduced Western led multilateral organizations to regulate cross border flows which became pivotal in the making of an interconnected global order In contrast to this well studied transformation Hirst considers in detail for the first time the responses of the defeated interwar Soviet Union and early Republican Turkey who challenged this new order with a reactive and distinctly state led international politics As Mustafa Kemal Atatürk took up arms in 1920 to overturn the terms of the Paris settlement Vladimir Lenin provided military and economic aid as part of a partnership that both sides described as anti imperialist Over the course of the next two decades the Soviet and Turkish states coordinated joint measures to accelerate development in spheres ranging from aviation to linguistics Most importantly Soviet engineers and architects helped colleagues in Ankara launch a five year plan and build massive state owned factories to produce textiles and replace Western imports Whilst the Kemalists cooperation with the Bolsheviks has often been described as pragmatic this book

demonstrates that Moscow and Ankara actually came together in an ideological convergence rooted in anxiety about underdevelopment relative to the West gradually arriving at statist internationalism as an alternative to Western liberal internationalism Drawing on extensive archival research and offering an often ignored and non Western perspective on the history of international relations and diplomacy Against the Liberal Order presents a novel interpretation of the international order of the interwar period that crosses the borders of historical disciplines and contributes to questions of current concern in world politics

Losing Istanbul Mostafa Minawi, 2022-12-06 Losing Istanbul offers an intimate history of empire following the rise and fall of a generation of Arab Ottoman imperialists living in Istanbul Mostafa Minawi shows how these men and women negotiated their loyalties and guarded their privileges through a microhistorical study of the changing social political and cultural currents between 1878 and the First World War He narrates lives lived in these turbulent times the joys and fears triumphs and losses pride and prejudices while focusing on the complex dynamics of ethnicity and race in an increasingly Turco centric imperial capital Drawing on archival records newspaper articles travelogues personal letters diaries photos and interviews Minawi shows how the loyalties of these imperialists were questioned and their ethnic identification weaponized As the once diverse empire comes to an end they are forced to give up their home in the imperial capital An alternative history of the last four decades of the Ottoman Empire Losing Istanbul frames global pivotal events through the experiences of Arab Ottoman imperial loyalists who called Istanbul home on the eve of a vanishing imperial world order

Eternal Dawn Ryan Gingeras, 2019 *Eternal Dawn* is a readable narrative driven look into the development of the Turkish Republic under the reign of Mustafa Kemal Atatürk It challenges many existing myths associated with Atatürk's rule and provides insights into the legacies that still define and trouble Turkish politics

Britain Enforcing the Peace, 1918-1923 John D Grainger, 2025-01-30 Details the British Navy's efforts during the post Great War period facing challenges in the Near East from the Russian Revolution to Turkish resurgence under Mustafa Kemal The end of the Great War in the Near East began with the Turkish Armistice but was not complete until the final peace treaty in 1923 During that five year period the British Navy dealt with the overspill from the Russian Revolution in the Caucasus the Caspian Sea and Central Asia as well and then in the Aegean Sea and the Straits confronting the resurgent Turkish forces under Mustafa Kemal The British in India were very concerned about Bolshevik activities in Central Asia and had sent two battalions of Indian troops under a British general to attempt to cope with it They were successful in battle against larger forces but politically they were unable to reach any sort of settlement They were withdrawn when an Afghan war broke out A second expedition was sent early in 1918 from Iraq through Persia to gain control of the oil fields at Baku in Azerbaijan The object here was to prevent the oil falling into German or Turkish hands This was an expedition at the limit of military capabilities but it did succeed in seizing Baku and preventing a German conquest In the process ships in the Caspian Sea were captured and turned into a Caspian Sea flotilla to fight Russian Bolshevik advances These adventures happened before the Turkish Armistice Constantinople had been occupied but holding it became increasingly difficult and required the use of considerable forces mainly British The other allies gradually faded away or adopted the Turkish side The resurgence of Turkish power in Anatolia eventually led to a tense confrontation between British and Turkish forces at Chanak on the Dardanelles and a difficult negotiation between generals The result was a truce British withdrawal from all occupied areas and the collapse of the Lloyd George government in Britain which was prepared to indulge in another war over the issues

The Last Days of the Ottoman Empire Ryan Gingeras, 2022-10-27 A tour de force of accessible scholarship The Guardian Impressive It is a complicated story that still reverberates and Gingeras narrates it with lucid authority New Statesman The Ottoman Empire had been one of the major facts in European history since the Middle

Ages Stretching from the Adriatic to the Indian Ocean the Empire was both a great political entity and a religious one with the Sultan ruling over the Holy Sites and as Caliph the successor to Mohammed Yet the Empire's fateful decision to support Germany and Austria Hungary in 1914 doomed it to disaster breaking it up into a series of European colonies and what emerged as an independent Saudi Arabia Ryan Gingeras's superb new book explains how these epochal events came about and shows how much we still live in the shadow of decisions taken so long ago Would all of the Empire fall to marauding Allied armies or could something be saved In such an ethnically and religiously entangled region what would be the price paid to create a cohesive and independent new state The story of the creation of modern Turkey is an extraordinary bitter epic brilliantly told here [Urban Popular Culture and Entertainment](#) Antje Dietze,Alexander Vari,2022-12-09 This book is

To the City Alexander Christie-Miller, 2024-10-01 Walking along the crumbling defensive walls of Istanbul and talking to those he passes Alexander Christie Miller finds a story of the country's history a mirror of its present and a shadow of its future Caught between two seas and two continents Istanbul lies at the center of the most pressing challenges of our time With environmental decay rapacious development and tightening authoritarianism straining its social fabric to breaking point it represents the precipitous moment civilizations around the world are currently facing In and around its crumbling Byzantine era fortifications Alexander Christie Miller meets people who are experiencing the looming crisis and fighting back sometimes triumphing despite the odds To the City seamlessly blends two narratives the story of Turkey's tumultuous recent past told through the lives of those who live around the walls and the story of Ottoman Sultan Mehmet II's siege and capture of the city in 1453 That event still looms large in Turkey as Recep Tayyip Erdogan like a latter day sultan invokes its memory as part of his effort to transform the country in an echo of its imperial past This is a meditation on the soul of Istanbul a paean to its resilience and fortitude To the City takes us on a narrative journey and along the way we witness danger beauty and hope

The Circassians of Turkey Caner Yelbasi, 2019-08-22 Turkey's Circassians were exiled to the Ottoman Empire in the wake of the Russian conquest of the Caucasus in 1864 resettling most notably in the Danubian provinces Thessaly Syria Central Anatolia and the southern shores of the Sea of Marmara As experienced veterans of the wars with Russia many Circassians were recruited into the

paramilitary groups of the late Ottoman Empire and later fought on both sides in the Turkish Civil War Here Caner Yelbasi reveals the complex and important role played by the Circassians of north western Anatolia in the chaotic years after 1918 Because many of the key Circassian actors either sided initially with The Ottoman Government or later broke away from the national movement led by Mustafa Kemal in Ankara official Turkish historiography frequently labelled them traitors to the nation This book revises this narrative by revealing the overlapping and sometimes conflicting bonds of kinship and political loyalty that inscribed their presence in heartlands of the empire and the republic Yelbasi shows that the Circassians played an important role in the establishment of the early republic and how the Turkification policies of the Kemalist regime in the two decades following 1918 disrupted their world Using a wide variety of primary source material including Ottoman and Republican archives as well as memoirs the press and secondary literature this book sheds light on a minority who unlike the Kurds or Armenians are yet to receive scholarly attention in Turkish Studies It will thus be a vital resource for scholars in Middle East Studies Turkish Studies and Ottoman Studies

Sport, Migration, and Gender in the Neoliberal Age Niko Besnier, Domenica Gisella Calabrò, Daniel Guinness, 2020-10-25 This ethnographic collection explores how neoliberalism has permeated the bodies subjectivities and gender of youth around the world as global sport industries have expanded their reach into marginal areas luring young athletes with the dream of pursuing athletic careers in professional leagues of the Global North Neoliberalism has reconfigured sport since the 1980s as sport clubs and federations have become for profit businesses in conjunction with television and corporate sponsors Neoliberal sport has had other important effects which are rarely the object of attention as the national economies of the Global South and local economies of marginal areas of the Global North have collapsed under pressure from global capital many young people dream of pursuing a sport career as an escape from poverty But this elusive future is often located elsewhere initially in regional centres though ultimately in the wealthy centres of the Global North that can support a sport infrastructure The pursuit of this future has transformed kinship relations gender relations and the subjectivities of people This collection of rich ethnographies from diverse regions of the world from Ghana to Finland and from China to Fiji pulls the reader into the lives of men and women in the global sport industries including aspiring athletes their families and the agents coaches and academy directors shaping athletes dreams It demonstrates that the ideals of neoliberalism spread in surprising ways intermingling with categories like gender religion indigeneity and kinship Athletes migrations provide a novel angle on the global workings of neoliberalism This book will be of key interest to scholars in Gender Studies Anthropology Sport Studies and Migration Studies

The Forty Sieges of Constantinople John D. Grainger, 2022-07-28 The great city of Byzantium Constantinople Istanbul stands on a commanding cape overlooking a busy waterway It has been the target of repeated attempts to capture it for the past two and a half millennia Most of these attacks failed but some did so in spectacular fashion such as the great Arab sieges The inhabitants fought hard in almost every siege with the result that when the city was captured it was also destroyed or at least suffered a

hideous sack Almost every nation between the Atlantic and the Steppes of Asia have made attempts to capture the city some repeatedly but only a few a Roman emperor the Crusaders the Turks have succeeded And there is no sign that some have given up the hope of taking it the last sieges were just before and then during the Great War by the Bulgars and then by the Allies who got no closer than Gallipoli but the city had to submit to enemy occupation when the empire it ruled collapsed It is still surrounded by envious neighbours who wish to control it The city has been besieged forty times and has been captured on three or four occasions it cannot be said to be safe yet It is still The City of the World s Desire
