Freedman,1939 *The Midrash Rabbah* ,2001 **Violence in Late Antiquity** H.A. Drake,2016-12-05 Violence is virtually synonymous in the popular imagination with the period of the Later Roman Empire a time when waves of barbarian invaders combined with urban mobs and religious zealots to bring an end to centuries of peace and serenity All of these images come together in the Visigothic sack of the city of Rome in A D 410 a date commonly used for the fall of the entire empire But was this period in fact as violent as it has been portrayed A new generation of scholars in the field of Late Antiquity has called into question the standard narrative pointing to evidence of cultural continuity and peaceful interaction between barbarians and Romans Christians and pagans To assess the state of this question the fifth biennial Shifting Frontiers conference was devoted to the theme of Violence in Late Antiquity Conferees addressed aspects of this question from standpoints as diverse as archaeology and rhetoric anthropology and economics A selection of the papers then delivered have been prepared for the present volume along with others commissioned for the purpose and a concluding essay by Martin Zimmerman reflecting on the theme of the book The four sections on Defining Violence Legitimate Violence Violence and Rhetoric and Religious Violence are each introduced by a theme essay from a leading scholar in the field While offering no definitive answer to the question of violence in Late

Antiquity the papers in this volume aim to stimulate a fresh look at this age old problem **Revelation of Jesus Christ**

Margaret Barker,2000-11-02 A new and transforming approach to the Book of Revelation Margaret Barker bases her study on a fresh reading of the primary sources As an Old Testament scholar she can read Revelation as Hebrew prophecy ancient temple oracles which inspired Jesus and his own prophecies and influenced the whole Jerusalem Church Jerusalem was waiting for their Great High Priest to return and complete the Atonement at the end of the Tenth Jubilee This expectation fuelled the revolt against Rome Josephus who deserted to Rome was the false prophet John who escaped to Patmos compiled Revelation as a record of the first generation In the future he taught the Lord would return to his people in the Eucharist This work illuminates the formative years of Christianity in the social religious and political situation of mid first century Palestine in a quite remarkable way It will have profound implications for the understanding of Christian origins and the development of Christian liturgy Shifting Images of the Hasmoneans Vered No'am,2018

The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders through achievement of full sovereignty to downfall this volume examines the Hasmoneans through the lens of reception history On the one hand these brief colorful legends are embedded in the narrative of the historian of the age Flavius Josephus on the other hand they are scattered throughout the extensive halakhic exegetical compositions known as rabbinic literature redacted and compiled centuries later Each set of parallel stories is examined for the motivation underlying its creation its original message language and the historical context This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora and to decipher the disparities different emphases reworking and unique orientations typical of each These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent a hidden Jewish Atlantis of early pseudo historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature **Similarities of Redaction of the Gospel According to Matthew, with Texts of Philo**
