Mind Over Money Management Strategies Your Financial Advisor Won't Give You How To Make Money Work For You Get Out Of Debt Relieve Stress And Make Planning And Wealth Management Strategies:

MIND Over MONEY MANAGEMENT Robyn Crane, 2015-03-07 What if everything you learned about personal finance was wrong? Most financial advisors help you invest money you've already saved. But if you're like most people, knowing how to save money is just as big of a problem as knowing how to manage money. Traditional financial planning and retirement planning don't help much when you're struggling to pay the bills or racking your brain to figure out how to get out of debt. It's not that your financial advisor is purposely keeping things from you; it's just that financial planning and money management has so much to do with your beliefs and behaviors and tragically this is just not taught in traditional financial planning. In this entertaining and practical book, Robyn takes a new approach to help you attract more money and stop sabotaging your success. Through a proven system and fun process, Robyn teaches you: How to make money work for you, How to manage your money, How to relieve stress about money, and How to make financial planning simple. This book will both entertain you and help you establish and/or improve your money habits so you can have financial security and financial freedom. *Men's Health*, 2008-01 *Men's Health* magazine contains daily tips and articles on fitness, nutrition, relationships, sex, career, and lifestyle. *Working Mother*, 2002-10 The magazine that helps career moms balance their personal and professional lives.
