about the reading of signs where politics and history are now rearticulated through the private lives of individual subjects. Here characters do not make social time but live within it and inquire after its missing origin. Cohen Lustig argues for new ways to track the subjectivities and aesthetics produced by larger shifts in production. In so doing he proposes a new model to understand the historical development of Israeli and Palestinian literature as well as world literature in our contemporary moment. With a preface from Fredric Jameson.

Signatures of Struggle Oded Nir, 2018-01-01. A Marxist history of Israeli literature tracing the relations between economic, social and aesthetic transformations. *Signatures of Struggle* offers a unique perspective on Israeli literature bringing Marxist cultural critique to bear on a field from which it has hitherto been absent. Oded Nir moves beyond the dominant interpretive horizon of Israeli literary criticism: the relation of literature to national ideology. Rather than reproducing the usual narrative in which fiction resists the nation's goals, Nir demonstrates how in each historical moment literary engagement with national ideology is a means to think through social tensions or contradictions internal to Israeli society to solve in imagination problems that threaten the social order. Focusing on moments of transformation, Nir argues that the 1950s crisis of realism was the result of the failure rather than the success of the collective transformative project of the *halutzim*, the settler vanguard of Zionism. In the 1980s the postmodern turn expressed a crisis of social imagination whose origin was the incorporation of Palestinians into the Israeli economy after the 1967 war. Finally, he shows that the ways in which history is imaginatively reworked in contemporary Israeli fiction can only be understood through the context of 1950s and 1980s literature. Authors analyzed include Yigal Mossinsohn, Nathan Shaham, Hanoach Bartov, Yehudit Hendel, Orly Castel-Bloom, Yehudit Katzir, David Grossman, Yehoshua Kenaz, and Batya Gur. Nir's mastery of relevant studies on Hebrew literature is impressive as is his erudition when it comes to theoretical works. His textual analyses are insightful and original. The book makes a tremendous contribution to literary scholarship but it is also one of the most important contributions to the entire field of Israel studies in this century.

Eran Kaplan, author of *Beyond Post-Zionism*. This is a well-written, brilliantly conceptualized project. I have little doubt it will change the way Zionist historiography and the history of Hebrew literature will be discussed.

Nitzan Lebovic, author of *Zionism and Melancholy: The Short Life of Israel*. Zarchi.

Beyond Post-Zionism Eran Kaplan, 2015-02-01. Post-Zionism emerged as an intellectual and cultural movement in the late 1980s when a growing number of people inside and outside academia felt that Zionism as a political ideology had outlived its usefulness. The post-Zionist critique attempted to expose the core tenets of Zionist ideology and the way this ideology was used to justify a series of violent or unjust actions by the Zionist movement, making the ideology of Zionism obsolete. In *Beyond Post-Zionism*, Eran Kaplan explores how this critique emerged from the important social and economic changes Israel had undergone in previous decades, primarily the transition from collectivism to individualism and from socialism to the free market. Kaplan looks critically at some of the key post-Zionist arguments: the orientalist and colonial nature of Zionism and analyzes the impact of post-Zionist thought on various aspects literary

cinematic of Israeli culture He also explores what might emerge after the political and social turmoil of the last decade as an alternative to post Zionism and as a definition of Israeli and Zionist political thought in the twenty first century **Play Among Books** Miro Roman,Alice _ch3n81,2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science **The Seven Good Years** Etgar Keret,2015-06-16 A brilliant life affirming and hilarious memoir from a genius The New York Times and master storyteller With illustrations by Jason Polan The seven years between the birth of Etgar Keret s son and the death of his father were good years though still full of reasons to worry Lev is born in the midst of a terrorist attack Etgar s father gets cancer The threat of constant war looms over their home and permeates daily life What emerges from this dark reality is a series of sublimely absurd ruminations on everything from Etgar s three year old son s impending military service to the terrorist mind set behind Angry Birds There s Lev s insistence that he is a cat releasing him from any human responsibilities or rules Etgar s siblings all very different people who have chosen radically divergent paths in life come together after his father s shivah to experience the grief and love that tie a family together forever This wise witty memoir Etgar s first nonfiction book published in America and told in his inimitable style is full of wonder and life and love poignant insights and irrepressible humor **Suddenly, a Knock on the Door** Etgar Keret,2012-02-23 Etgar Keret is an ingenious and original master of the short story Radical witty and always unusual declared a genius by the New York Times Keret brings all of his prodigious talent to bear in this bestselling collection A man barges into a writer s house and holding a gun to his head demands that he tell him a story something to take him away from the real world A pathological liar discovers one day that all the lies he tells come true A young woman finds a zip in her boyfriend s mouth and when she opens it he unfolds to reveal a completely different man inside Suddenly a Knock on the Door is at once Keret s most mature and most playful work yet and establishes him as one of the great international writers of our time **The Bus Driver Who Wanted to Be God & Other Stories** Etgar Keret,2015-10-13 Classic warped and wonderful stories from a genius The New York Times and master storyteller Brief intense painfully funny and shockingly honest Etgar Keret s stories are snapshots that illuminate with intelligence and wit the hidden truths of life As with the best writers of fiction hilarity and anguish are the twin pillars of his work Keret covers a remarkable emotional and narrative terrain from a father s first lesson to his boy to a standoff between soldiers caught up in the Middle East conflict to a slice of life where nothing much happens New to Riverhead s list these wildly inventive uniquely humane stories are for fans of Etgar Keret s inimitable style and readers of transforming brilliant fiction **Borders, Territories, and Ethics** Adia
