Vindicated Karrine Steffans, 2015-06-02 For a decade Confessions of a Video Vixen author Karrine Steffans and the details of her private life have been the subject of debate and scrutiny But as gossipmongers and critics speculated assumed and manufactured tall tales about the New York Times bestselling author Karrine hid herself and her truth from the world imprisoned by an abusive marriage and the judgments of society In Vindicated Confessions of a Video Vixen Ten Years Later Karrine takes readers into the belly of the beast as she harrowingly chronicles the systematic breakdown of her mind body and spirit at the hand of one man and the events that propelled her back to prosperity after losing everything She candidly shares her struggle to be what others demand her obsession with the American dream her desperation to appear normal the lengths to which she went and the price she paid for it all This dark long journey into the life of an abused and tormented woman wife and mother uncovers a long guarded set of painful personal truths reveals the inspiring details of her life saving triumph and will change everything you thought you knew about Karrine Steffans *Martians, Go Home* Fredric Brown, 2011-09-29 THEY WERE GREEN THEY WERE LITTLE THEY WERE BALD AS BILLIARD BALLS AND THEY WERE EVERYWHERE Luke Devereaux was a science fiction writer holed up in a desert shack waiting for inspiration He was the first to see a Martian but he certainly wasn't the last It was estimated that one billion of them had arrived one to every three human beings on Earth Obnoxious green creatures who could be seen and heard but not harmed and who probed private sex lives as shamelessly as they exposed government secrets No one knew why they had come No one knew how to make them go away except perhaps Luke Devereaux Unfortunately he was going slightly bananas so it wouldn't be easy But for a science fiction writer nothing was impossible Martian Short Stories Cliff Rhodes, 2005-10-16 Soft cover print This book is a group of fantastic short stories from another planet Ten completely new and different short stories within these pages describe a unique although not exactly human being yet they are tales about more than just special people the Martians This is science fiction about not only space ships but also about believable extraordinary extrasensory beings In my stories I have tried to find not only Martian space ships but also the Martian mind Mars is a planet that will always hold our fascination even if we never leave the Earth **Beyond Tomorrow** Ingo Cornils, 2020 Shows German Science Fiction's connections with utopian thought and how it attempts Zukunftsbewältigung coping with an uncertain but also unwritten future **Science-fiction** Everett Franklin Bleiler, Richard Bleiler, 1998 Complementing Science Fiction The Early Years which surveys science fiction published in book form from its beginnings through 1930 the present volume covers all the science fiction printed in the genre magazines Amazing Astounding and Wonder along with offshoots and minor magazines from 1926 through 1936 This is the first time this historically important literary phenomenon which stands behind the enormous modern development of science fiction has been studied thoroughly and accurately The heart of the book is a series of descriptions of all 1 835 stories published during this period plus bibliographic information Supplementing this are many useful features detailed

histories of each of the magazines an issue by issue roster of contents a technical analysis of the art work brief authors biographies poetry and letter indexes a theme and motif index of approximately 30 0000 entries and general indexes Science Fiction The Gernsback Years is not only indispensable for reference librarians collectors readers and scholars interested in science fiction it is also of importance to the study of popular culture during the Great Depression in the United States Most of its data which are largely based on rare and almost unobtainable sources are not available elsewhere *How to Make Love to Each Other* Alexandra Penney,Alexandra Penny,1986 **Martian Legacy** Fred Lane,Lane Fred Lane,2010 It s the third decade of the twenty first century and man has finally landed on Mars Air Force Pilot Lt Col Harold T Kane has led an expedition to the red planet but as *Martian Legacy* opens he is upside down in a rover trapped in a Martian crater cursing himself for ruining this historic event Harry manages to right the rover and carry on with his mission and eventually he and his fellow crew member Dr Karen Hansen collect enough samples and return to Earth Once there they first are carefully cleaned with the latest anti microbial procedures then hailed and feted as the heroes of the moment They leave behind a second crew of two on Mars that continues the explorations looking for extinct creatures and hopefully an ancient civilization But what has Harry s Crew 1 brought back In this engaging story of the near future present day fears are examined and a contemporary doomsday scenario plays out with surprising results The reader is expertly led down many scientific byways while at the same time being drawn along by the appealing human story *Martian Legacy* combines our best hopes and worst fears as they are played out together **Martian Short Stories II** Cliff Rhodes,2017-03-24 HARDCOVER PRINT MARTIAN SHORT STORIES II is another group of stories about mentally exceptional beings maybe alien maybe not They all could be from another world or born right here on Earth **The Man the Martians Made** Frank Long,2018-01-19 No mortal had ever seen the Martians but they had heard their whisperings without knowing the terrible secret they kept hidden A fantastically futuristic science fiction tale written by one of the masterminds of the genre Frank Long **How to Make Love to a Martian** Akash Abid,2021-06-07 Why are you doing this he asked in his rough Jamaican accent as he slammed my mobile phone the screen lit onto the countertop I looked at him for a beat as he stood in the doorway of the bathroom with nothing to his name but our marriage certificate I stopped drying my hair brush in one hand blow dryer in the other then looked down at the phone to find he d riffled through it and uncovered a stream of text messages and explicit photographs I d sent to my lover the night before I looked back up at him smirked and replied Why not He stood there weak and defeated his dark skin paling and his crooked toes gripping the carpet His eyes darted back and forth as he struggled to find some sort of understanding I was unflinching I stood with honor and pride despite my infidelity In my calmest most rational voice I continued Listen I have to be at the salon in thirty minutes I m going to finish blow drying my hair Why don t you take this time to go through my phone some more and get all the information you feel you need I turned back toward the mirror and resumed drying my hair as he collected my phone and headed back into the bedroom After finishing I entered the room and

stood at the foot of the bed as he lay there scrolling through the phone I have to go so I ll need that back He sat up and handed the device to me then silently slouched back onto the pillows I ll be gone for about an hour If you have any questions we can discuss them when I return I insisted before slipping on my shoes grabbing my purse and walking out the door

Love at Sixty Yvonne Taylor,2013 A woman attempts to prevent herself from falling in love at sixty years of age but her ardent admirer is not giving up that easily The daunting experience of throwing her world upside down is mellowed by applying humor to the situation Finally she reasons that nowadays we will all live to be ninety and people need to fill the final decades of their lives with fun and passion As always love wins the day and a partnership between two hitherto stubborn and rather selfish people is formed whereby new and exciting experiences are shared However Yvonne Taylor s advice to others of her age is not to be taken all too seriously
