Outdoor Program Administration Association of Outdoor Recreation and Education, Geoff Harrison, Mat Erpelding, 2012-02-02 Outdoor recreation programming is a growing and diverse field that requires administrators to be ready to work in complex and multidisciplinary environments Outdoor Program Administration Principles and Practices will help both seasoned and new administrators as well as students and emerging professionals flourish in various settings including university military government commercial and nonprofit organizations You will learn the best contemporary administrative strategies and practices from veteran professionals from the Association of Outdoor Recreation and Education AORE The AORE authors provide extensive coverage of all aspects of administrative duties and responsibilities from a diverse organizational setting Outdoor Program Administration Principles and Practices guides you in developing and sustaining programs in outdoor recreation settings across public private and nonprofit sectors You will reap the benefits of the experience shared by the AORE authors who also provide questions and critical thinking exercises that will enhance the materials and deepen your understanding This reference explores all the issues pertinent to being a successful outdoor program administrator The book has four sections Outdoor Program Foundations Program Design and Implementation Staffing Considerations and Facilities and Programs Topics you will delve into include designing and developing programs risk management and legal considerations budgeting and financial operations marketing and land access permits environmental stewardship staff recruitment supervision training and assessment and management of indoor climbing walls and challenge courses Outdoor Program Administration Principles and Practices presents material that will help you improve your administrative skills and enhance the programs you oversee As such it is an essential book for your professional library

Ethics for Managers Joseph Gilbert, 2012-11-27 This book examines issues relating to ethical decision making in the

managerial context Managers are paid to oversee the work of others and in the course of their work they often make decisions that impact other people This book is intended to help managers and students of management reflect on the impact of their decisions and to help them in making such decisions ethically Ethics has to do with interpersonal or social values and the rules of conduct that derive from them By the time an individual becomes a manager he or she invariably has a sense of moral right and wrong Author Joseph Gilbert examines the sources of this sense and how it is shaped and altered by various influences He lays the groundwork for discussion by delving into the meaning of ethics and its philosophical foundations then exploring its application to the task of management This balanced approach both makes clear the moral implications of actions taken by managers and provides some time tested ways of thinking about moral issues when they arise Without preaching or critiquing the reader s existing ethical sense Ethics for Managers prepares the manager or student of business to adequately address the difficult decisions that will crop up during their career in an ethical and self aware manner
