Musical Film Desirée J. Garcia,2014-08-01 Movie musicals are among the most quintessentially American art forms often celebrating mobility self expression and the pursuit of one's dreams But like America itself the Hollywood musical draws from many distinct ethnic traditions In this illuminating new study Desirée J Garcia examines the lesser known folk musicals from early African American Yiddish and Mexican filmmakers revealing how these were essential ingredients in the melting pot of the Hollywood musical The Migration of Musical Film shows how the folk musical was rooted in the challenges faced

by immigrants and migrants who had to adapt to new environments balancing American individualism with family values and cultural traditions Uncovering fresh material from film industry archives Garcia considers how folk musicals were initially marginal productions designed to appeal to specific minority audiences and yet introduced themes that were gradually assimilated into the Hollywood mainstream No other book offers a comparative historical study of the folk musical from the first sound films in the 1920s to the genre's resurgence in the 1970s and 1980s Using an illustrative rather than comprehensive approach Garcia focuses on significant moments in the sub genre and rarely studied films such as *All en el Rancho Grande* along with familiar favorites that drew inspiration from earlier folk musicals everything from *The Wizard of Oz* to *Zoot Suit* If you think of movie musicals simply as escapist mainstream entertainment *The Migration of Musical Film* is sure to leave you singing a different tune

musicals are one of America s most beloved art forms and play to millions of people each year But what do these shows which are often thought to be just frothy entertainment really have to say about our country and who we are as a nation Now in a

new second edition *The Great White Way* is the first book to reveal the racial politics content and subtexts that have haunted musicals for almost one hundred years from *Show Boat* 1927 to *Hamilton* 2015 This revised edition includes a new introduction and conclusion updated chapters as well as a brand new chapter that looks at the blockbuster musicals *The Book of Mormon* and *Hamilton* Musical mirror their time periods and reflect the political and social issues of their day Warren Hoffman investigates the thematic content of the Broadway musical and considers how musicals work on a structural level allowing them to simultaneously present and hide their racial agendas in plain view of their audiences While the musical is informed by the cultural contributions of African Americans and Jewish immigrants Hoffman argues that ultimately the history of the American musical is the history of white identity in the United States Presented chronologically *The Great White Way* shows how perceptions of race altered over time and how musicals dealt with those changes Hoffman focuses first on shows leading up to and comprising the Golden Age of Broadway 1927 1960s then turns his attention to the revivals and nostalgic vehicles that defined the final quarter of the twentieth century He offers entirely new and surprising takes on shows from the American musical canon *Show Boat* 1927 *Oklahoma* 1943 *Annie Get Your Gun* 1946 *The Music Man* 1957 *West Side Story* 1957 *A Chorus Line* 1975 and *42nd Street* 1980 among others In addition to a new chapter on *Hamilton* and *The Book of Mormon* this revised edition brings *The Great White Way* fully into the twenty first century with an examination of jukebox musicals and the role of off Broadway and regional theaters in the development of the American musical New archival research on the creators who produced and wrote these shows including Leonard Bernstein Jerome Robbins Stephen Sondheim and Edward Kleban will have theater fans and scholars rethinking forever how they view this popular American entertainment
