

HOW TO BUILD Max-Performance MITSUBISHI 4G63t Engines

Mitsubishi's 4G63t engine is among the most powerful engines ever in the sport compact world. It's not that uncommon to find one of these four-cylinder, iron-block, aluminum-headed, 2-liter turbocharged monsters making more than 1,000 horsepower with the right modifications and tuning—well above the 200–300 hp that these engines made from the factory. Bolted into such cars as the Mitsubishi Lancer Evolution, Eclipse, and Galant, and the Eagle Talon and Plymouth Laser, the 4G63t has more than a cult following among sport compact enthusiasts, who know and respect this engine's immense performance potential at the track or on the street.

Until now, in-depth performance information on the 4G63t has been hard to find. For this book, author Robert Bowen went straight to the source: Robert Garcia of Road/Race Engineering in Santa Fe Springs, California. RRE is the most well-known and respected Mitsubishi turbo performance shop in the United States, and Garcia is its in-house engine builder. Now Mitsubishi fans will benefit from Garcia's expertise and be able to build better, stronger engines than ever before.

How To Build Max-Performance Mitsubishi 4G63t Engines covers every system and component of the engine, including the turbocharger system and engine management. More than just a collection of tips and tricks, this book includes a complete history of the engine and its evolution, an identification guide, and advice for choosing engine components and other parts, including bolt-ons. Profiles of successful built-up engines show examples of what works and give helpful guidance for choosing the path of your own engine build.

Robert Bowen is a freelance writer and automotive product specialist. A member of the Motor Press Guild, he is the author of numerous articles for *Grassroots Motorsports* magazine and other publications in the United States and United Kingdom. He's also an occasional competitor in autocross, track events, and drag races, and a builder and restorer of dozens of cars and motorcycles.
