How To Win At College Surprising Secrets For Success From The Countrys Top Students Cal Newport:

How to Win at College Cal Newport, 2005-04-12 The essential guide to getting ahead once you've gotten in proven strategies for making the most of your college years based on winning secrets from the country's most successful students. Highly recommended because it is full of practical tips that will help high school grads take the next step in life. Money: How can you graduate with honors, choose exciting activities, build a head-turning resume, gain access to the best post-college opportunities, and still have a life? Based on interviews with star students at universities nationwide from Harvard to the University of Arizona, *How to Win at College* presents seventy-five simple rules that will rocket you to the top of your class. These often surprising strategies include: Don't do all your reading. Drop classes every term. Become a club president. Care about your grades. Ignore your GPA. Never pull an all-nighter. Take three days to write a paper. Always be working on a grand project. Do one thing better than anyone else you know. Proving you can be successful and still have time for fun. *How to Win at College* is the must-have guide for making the most of these four important years and getting an edge on life after graduation. This deliberately provocative book is a good way for a smart student to see how out of the box thinking can lead to success in college. *Seattle Times*

How to Win at College : Surprising Secrets for Success from the Country's Top Students Cal Newport, 2005 *101 Ways to Make Studying Easier and Faster for College Students* Susan Marie Roubidoux, 2008 Although the average college student spends only between 15 and 18 hours in class in any given week, increasing the amount of free time there is a correlating increase in the workload. Many college students never learned effective study habits in high school and believe they will be able to make it through college just as easily. However, college and university professors and administrators claim that studying is directly connected to a student's ultimate success or failure. By reading *101 Ways to Make Studying Easier and Faster for College Students*, you can improve the effectiveness of your studying. After all, effectiveness is not measured by the length of time spent studying or blankly staring at a textbook, but by the level of comprehension. In this new book, you will learn how to make a study schedule, how to design an effective study environment, how to read for comprehension, how to get organized, how to find your learning style, how to take notes during lectures, how to listen better in class, how to use reference sources, how to boost your concentration, how to stay motivated, how to review and edit your notes, and how to increase reading comprehension. You will learn effective note-taking strategies, where to study, when to study, time management skills, strategies for reading novels and textbooks, memorization techniques, and organizational skills. Additionally, you will find out how to stay awake while studying, how to change your current habits, and how to make studying more enjoyable. We will provide you with various studying methods, including flashcards, quizzes, summarizing, outlining, answering study guide questions, and the proven SQ3R method, as well as exercises to help improve your skills. Furthermore, *101 Ways to Make Studying Easier and Faster for College Students* is full of tips from students just like you, as well as professors. No two people learn the same way, and no one study method will work for everyone. While this
