Barrick,2008-06-01 It is customarily assumed that the Hebrew word BMH denotes a high place first a topographical elevation and derivatively a cult place elevated either by location or construction This book offers a fresh systematic and comprehensive examination of the word in those biblical and post biblical passages where it supposedly carries its primary topographical sense Although the word is used in this way in only a handful of its attestations they are sufficiently numerous and contextually diverse to yield sound systematic rather than ad hoc conclusions as to its semantic content Special attention is paid to its likely Semitic and unlikely Greek cognates pertinent literary compositional and text critical matters and the ideological and iconographical ambiance of each occurrence This study concludes that the non cultic word BMH is actually bomet carrying primarily if not always an anatomical sense approximate to English back sometimes expanded to the body itself The phrase bmt y rs Amos 4 13 Micah 1 3 and CAT 1 4 VII 34 also Deut 32 13a Isa 58 14ab ba and Sir 46 9b derives from the international mythic imagery of the Storm God it refers originally to the mythological mountains conceptualized anthropomorphically which the god surmounts in theophany symbolically expressing his cosmic victory and sovereignty There is no instance where this word even 2 Sam 1 19a and 1 25b is unequivocally a topographical reference The implications of these findings for identifying the bamah sanctuary are briefly considered Mastering SAP Hybris Billing Innware Pjp,2023-07 Mastering SAP Hybris Billing A Comprehensive Guide to Revenue Management Table of Contents Chapter 1 Introduction to SAP Hybris Billing Chapter 2 Configuring SAP Hybris Billing Chapter 3 Master Data Configuration
