 ,2006      Myths and Places Shonaleeka Kaul,2023-06-23 This volume explores the dialogic relationship between myths and  
 places in the historically geographically and culturally diverse context of India Given its ambiguous relationship with facts  
 and empirical reality myth has suffered an uncertain status in the field of professional history with the latter s preference for  
 scientifism over more creative orders of representation Myths and Places rehabilitates myth not as history s primeval Other  
 nor as an instrument of socio religious propagation but as communitarian mechanisms by which societies made sense of  
 themselves and their world It argues that myths helped communities fashion their identities and their habitat habitus and  
 were fashioned by these in turn This book explores diverse forms of territorial becoming and belonging in a grassroots  
 approach from across India studying them in culturally sensitive ways to recover local life worlds and their self  
 understanding Further challenging the stereotypical bracketing of the mythical with the sacred and the material with the  
 historical the multidisciplinary essays in the book examine myth in relation to not only religion but other historical  
 phenomena such as ecology ethnicity urbanism mercantilism migration politics tourism art philosophy performance and the
