Encountering The Adivasi Question P. Bandhu,T.G. Jacob,2019-08-01 The main problem facing most Adivasi groups in the country is displacement and loss of their own original habitats and livelihood through development projects like dams tourism and wildlife sanctuaries By generally categorising them as girijan mountain dwellers vanavasis forest dwellers or tribal with its connotations of primitive and backward or even the popular jangli wild in official parlance and in the mass media they are robbed of their identity dignity and rights as among the first peoples of this subcontinent who earlier enjoyed economic and political freedom and autonomy in the form of self rule All over India the process of uprooting indigenous people from their rich culture is on the disruption of a way of life fundamental to which is the belief that it is not the earth which belongs to man but man who belongs to the earth **The Andover Review** ,1886 Ulrich's Periodicals Directory 2005 R.
