Rural New Yorker ,1912 *COVID-19 in Manitoba* Andrea Rounce,Karine Levasseur,2020-11-26 On 12 March 2020 Manitoba confirmed its first case of COVID 19 One week later a province wide state of emergency was declared ushering in a new sense of urgency and rarely used

government powers to protect Manitobans from the devastating global reach of the novel coronavirus. The wide ranging impacts of the pandemic have touched every facet of Manitoba society and provincial responsibility including health economic development social services and government operations. COVID 19 has challenged the conventional policy making process complicating agenda setting and policy formulation adoption implementation and evaluation while governments have been under pressure to make swift decisions in life and death matters. New programs must address urgent and shifting health and economic realities but also anticipate future waves of COVID 19 and potentially significant repercussions for future governments. COVID 19 in Manitoba Public Policy Responses to the First Wave seeks to understand how Manitoba fared during the first months of the pandemic with twenty seven chapters that address key aspects of the pandemic and discuss how government policy can help lay the foundation for resiliency in the midst a continuing public health crisis. This open access volume is an essential resource for citizens and policy makers alike as it identifies policy gaps and successes of Manitoba s early COVID response and points to strategies to prepare for future waves of the pandemic.

Introduction to Data Science in Biostatistics Thomas W. MacFarland, 2024-05-10. Introduction to Data Science in Biostatistics Using R the Tidyverse Ecosystem and APIs defines and explores the term data science and discusses the many professional skills and competencies affiliated with the industry. With data science being a leading indicator of interest in STEM fields the text also investigates this ongoing growth of demand in these spaces with the goal of providing readers who are entering the professional world with foundational knowledge of required skills job trends and salary expectations. The text provides a historical overview of computing and the field s progression to R as it exists today including the multitude of packages and functions associated with both Base R and the tidyverse ecosystem. Readers will learn how to use R to work with real data as well as how to communicate results to external stakeholders. A distinguishing feature of this text is its emphasis on the emerging use of APIs to obtain data.
