LBJ's 1968 Kyle Longley, 2018-02-22 1968 was an unprecedented year in terms of upheaval on numerous scales political military economic social cultural In the United States perhaps no one was more undone by the events of 1968 than President Lyndon Baines Johnson Kyle Longley leads his readers on a behind the scenes tour of what Johnson characterized as the year of a continuous nightmare Longley explores how LBJ perceived the most significant events of 1968 including the Vietnam War the assassinations of Martin Luther King Jr and Robert Kennedy and the violent Democratic National Convention in Chicago His responses to the crises were sometimes effective but often tragic and LBJ's refusal to seek re election underscores his recognition of the challenges facing the country in 1968 As much a biography of a single year as it is of LBJ LBJ's 1968 vividly captures the tumult that dominated the headlines on a local and global level **Flawed Giant: Lyndon**

White House a habitat almost guaranteed to keep America's commander in chief far removed from everyday life. The authors look at how this is emerging as one of the most serious dilemmas facing the American presidency. As presidents have become more isolated, the role of the presidential pollster has grown. Ken Walsh has been given exclusive access to the polls and confidential memos received by presidents over the years and has interviewed presidential pollsters directly to gain their unique perspective. *Prisoners of the White House* gets inside the bubble and punctures the mythology surrounding the presidency.

A Rosetta Key for U.S. History Michael A. Susko, 2023-12-21 This work explores a generational history from America's Colonial period to the United States of contemporary times. A novel historical approach will rely on generational markers every 15th year rather than yearly astronomical dates. This method will make history more accessible and its patterns more apparent. Identified from cultures presented in an earlier volume, the phasings are 1 Invisible Beginnings 2 Establishment and Testing 3 Novel Consolidation and Opening Up 4 Crisis and Creativity 5 Empire and Inclusion and 6 Rigidification or Renewal. This history does not seek to hide or obscure the shadow side of America nor does it fail to present beauty and light especially during the 30s generational phase. One discovery prompted by this generational time chart was to more fully consider the importance of New Spain in understanding U.S. history. A second and related theme is inclusion of the Indigenous whose influence extends to all phases of American history. Come journey with us and experience historical events and people's lives generation by generation and see how they fit into historical phases. Such an awareness, the author contends, will help us to make the generational choice of our times.

American Voices Bernard K. Duffy, Richard Leeman, 2005-08-30 Contemporary public speaking remains an important part of our national life and a substantial force in shaping current events. Many of America's most important moments and issues such as wars, scandals, election campaigns, September 11, 2001 have been defined by oratory. Here over 50 essays cover a substantial and interesting group of major American social, political, economic and cultural figures from the 1960s to the present. Each entry explains the biographical forces that shaped a speaker and his or her rhetorical approach, focuses mainly on a discussion of the orator's major speeches within the context of historical events and concludes with an appraisal of the speaker and his or her contribution to American political and social life. All entries incorporate chronologies of major speeches, bibliographies including primary sources, biographies and critical studies and archival collections or Web sites appropriate for student research. Entries include high profile individuals such as John D. Ashcroft, Elizabeth Dole, Jerry Falwell, Anita Hill, Ralph Nader, Ronald Reagan, Janet Reno, Gloria Steinem, Malcolm X and many others. Excerpts of major speeches and sidebars complement the text. Ideal for researchers and students in public speaking classes, American history classes, American politics classes, contemporary public address classes and rhetorical theory criticism classes.
