The 19th edition emphasizes creating a social and emotional learning environment in which all students can learn and thrive. The ultimate goal of DPE is to help students learn skills be personally and socially responsible and embrace the joy of physical activity for a lifetime. The first 12 chapters of *Dynamic Physical Education for Elementary School Children* lay the foundation for becoming an effective instructor of quality physical education. These chapters highlight the importance of physical activity and delve into identifying developmental needs, designing curriculum, writing lessons and assessments, and navigating school procedures. Chapters 13 through 30 explore how to teach the objectives of physical education including these Foundational skills such as locomotor and manipulative skills, Specialized skills such as game skills and gymnastics, Lifetime activities and sport skills such as basketball and hockey. These chapters include an array of field tested activities all listed in progression from easiest to most difficult, enabling teachers to incorporate proper skill sequencing. With its emphasis on skill development and the promotion of lifelong healthy activity, *Dynamic Physical Education for Elementary School Children* is highly applicable for both physical educators and classroom teachers. It is an ideal text to support an elementary methods PE course, providing the detail that PETE students need. The content is also very accessible to students learning to become elementary education teachers. With this latest edition, *Dynamic Physical Education for Elementary School Children* remains the go to book for both preservice and in service teachers just as it started out as 19 editions ago.
