## **Fifty Years With The Golden Rule :**

*Fifty Years with the Golden Rule* James Cash Penney, 1950      *Fifty Years with the Golden Rule* J. C. Penney, 1993-01-01

**The Golden Rule** Jeffrey Wattles, 1996-12-05 In an age plagued by selfishness materialism and violence ethicists feel impelled to find a universal system of values To arrive at such a rule requires that they struggle with a series of seemingly irreconcilable questions First are universal values possible in a pluralistic world and how does one do justice to both human equality and to individual and cultural differences How is one to understand the interface between religious moral teachings and the ethics of secular humanism Finally can such a system integrate moral intuition and moral reason In the first scholarly book in English on the golden rule since the seventeenth century Jeffrey Wattles demonstrates how a clear understanding of the psychological philosophical and religious ramifications of the rule can form the synthesis needed to solve these dilemmas The golden rule do to others as you would have others do to you is widely assumed to have a single meaning shared by virtually all the world's religions It strikes the average person as intuitively true though most modern philosophers reject it or recast it in more rational form Wattles surveys the history of the golden rule and its spectrum of meanings in diverse contexts ranging from Confucius to Plato and Aristotle from classical Jewish literature to the New Testament He also considers medieval Reformation and modern theological and philosophical responses and objections to the rule as well as how some early twentieth century American leaders have tried to use the rule Wattles draws these diverse interpretation into a synthesis that responds at the psychological philosophical and religious levels to the challenges to moral living in any given culture Emotionally the rule counsels consideration for others feelings by asking that you place yourself in their shoes Intellectually it activates moral thinking about what is fair At the same time it retains a spiritual appeal as the principle of the practice of the family of God Demonstrating how despite its contentious history this age old ethical principle continues to be relevant in dealing with contemporary issues The Golden Rule should interest students and scholars working in religious studies philosophy and ethics and psychology as well as anyone looking for an alternative to postmodern cynicism and alienation      *Popper's Open Society After Fifty Years* Ian Charles Jarvie, Sandra Pralong, 2003 A coherent survey of the reception and influence of Karl Popper's masterpiece *The Open Society and its Enemies* over the fifty years since its publication in 1945      **Ethics and the Golden Rule** Harry J Gensler, 2013-05-20 It is commonly accepted that the golden rule most often formulated as do unto others as you would have them do unto you is a unifying element between many diverse religious traditions both Eastern and Western Its influence also extends beyond such traditions since many non religious individuals hold up the golden rule as central to their lives Yet while it is extraordinarily important and widespread the golden rule is often dismissed by scholars as a vague proverb that quickly leads to absurdities when one attempts to formulate it in clear terms In this book Harry J Gensler defends the golden rule and addresses all of the major philosophic objections pointing out several common misunderstanding and misapplications Gensler first discusses golden rule reasoning

and how to avoid the main pitfalls He then relates the golden rule to world religions and history and to areas like moral education egoism evolution society racism business and medicine The book ends with a discussion of theoretical issues like whether all morality reduces to the golden rule which the author argues against Ethics and the Golden Rule offers two introductory chapters the first is simpler and the second more technical a reader may start with either or both One can then read any combination of further chapters in any order depending on one s interests but Chapters 13 and 14 are technical and assume one has read Chapter 2 This is a golden rule book for everyone accessible to a wide readership **The Golden Rule**,1846 Charting the Course Bruce D. Howard,2008-06-02 Bruce Howard opens our eyes to the moral and ethical influences in economic life and sheds light on the market s philosophical underpinnings The Search for Social Salvation Gary Scott Smith,2000-01-01 In their studies of social Christianity scholars of American religion have devoted critical attention to a group of theologically liberal pastors primarily in the Northeast Gary Scott Smith attempts to paint a more complete picture of the movement Smith s ambitious and thorough study amply demonstrates how social Christianity which included blacks women Southerners and Westerners worked to solve industrial political and urban problems reduce racial discrimination increase the status of women curb drunkenness and prostitution strengthen the family upgrade public schools and raise the quality of public health In his analysis of the available scholarship and case studies of individuals organizations and campaigns central to the movement Smith makes a convincing case that social Christianity was the most widespread long lasting and influential religious social reform movement in American history What I Need 2 Succeed Linda Carter,2016-05-17 This inspiring guide teaches teenagers the tools they need for success in life specifically addressing the struggles they face now Many famous and influential people from presidents to inventors to sports stars faced the same struggles in their teenage years that you face now In What I Need 2 Succeed you will learn how they were able to overcome those struggles to accomplish extraordinary things These famous individuals started out no differently from any of us and we can apply the lessons they learned to our own lives What I Need 2 Succeed offers a system of twenty six character traits from A to Z that will lead you to a purposeful and successful career These values can be your compass as you embark on the uncharted waters of life If you have lost sight of your goal like most of us have at one time or another then use these twenty six traits to get yourself back on track and moving in the right direction **J. C. Penney** David Delbert Kruger,2017-05-18 What is now called JCPenney a fixture of suburban shopping malls started out as a small town Main Street store that fused its founder s interests in agriculture retail business religion and philanthropy This book at once a biography of Missouri farm boy turned business icon James Cash Penney and the story of the company he started in 1902 brings to light the little known agrarian roots of an American department store chain David Delbert Kruger explores how the company its stores and their famous founder shaped rural America throughout the twentieth century Most of our stores Penney explained in 1931 are located in agricultural regions where the tide of merchandising rises and falls with the prosperity of the farmers Despite the

growth of cities in the early twentieth century Penney maintained his stores commitment to serving the needs of farmers and small town folk Tracing this dedication to Penney s rural upbringing Kruger describes how from one store in the sheep ranching and mining town of Kemmerer Wyoming J C Penney Co became a familiar chain on Main Street USA purveying value providing good jobs and marking rites of passage in many an American childhood Kruger paints a biographical and historical picture of an American business mogul distinctly different from comparable capitalists such as Andrew Carnegie Henry Ford or Sam Walton Despite his chain s corporate structure Penney imbued each store with a Golden Rule philosophy that demanded mutual respect between customers employees competitors suppliers and communities By tracing that spirit to its agrarian source and following it through the twentieth century J C Penney The Man the Store and American Agriculture provides a new perspective on this American cultural institution and on its founder s unique brand of American capitalism

WELL DONE Ken Gosnell,2020-10-06 Well Done provides any business leader insights on how to strive for excellence in building their business and ordering their life Although the phrase Well Done has a noble connotation to it many business leaders including Ken Gosnell have a difficult time describing and defining what those words look like in the life of a business that is led by a person of faith In Well Done Ken describes the twelve biblical business principles that can help any leader who desires to grow their business and its Kingdom impact These principles help to create a strategic roadmap for leaders to hear the words Well Done at the end of their journey Every leader deserves to hear the words Well Done Life is too short and business is too difficult to work throughout life and miss what matters most The Providence Plantations for Two Hundred and Fifty Years Welcome Arnold Greene,1886 *Early Judaism and Modern Culture* Gerbem S. Oegema,2011-03-09 Oegema biblical studies McGill U Montreal explores the place and relevance of early Judaism for modern cultures and especially the relevance of non canonical writings for biblical theology today She considers how early Judaism has shaped the Bible philosophy the politics of identity the literary world gender ethics interreligious dialogue tradition and politics rabbinic Judaism and the early church Annotation 2011 Book News Inc Portland OR booknews com *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1951 Includes Part 1A Books and Part 1B Pamphlets Serials and Contributions to Periodicals *Indentations and Other Stories* Joe Schall,1991 Indentation and Other Stories is a collection of nine stories ranging from the wildly funny and idiosyncratic to the downright bizarre The title story features a pathological dentist who seeks a quirky catharsis by decorating his apartment in hygienic dental paraphernalia Other tales frolic through the lives of characters who border on the delightfully absurd a woman after going through menopause struggles to recreate her menstrual periods by altering her diet a former New York street reporter fired because of his ideals aspires to become a credible street person and decides tentatively to have a religious experience an English major turned psychologist writes a pseudoscientific article complete with footnotes and a University of New Jersey cover letter which argues by example for the use of figurative language in scientific journal writing Other stories are more humanizing The Perils of Asthma is a

sympathetic look at a twelve year old boy struggling to grow up amidst his perplexing asthma his eccentric Catholic parents and his mystifying quasi erections All of the stories are grounded in the allure of language the luxuriance of detail and the celebration of human compulsion and obsession     **The Golden Rule and Odd-fellows Family Companion** ,1846

*Ethics* Harry J Gensler,2017-12-06 *Ethics* A Contemporary Introduction introduces the issues and controversies of contemporary moral philosophy It gets students to struggle with the big questions of morality while it also relates these questions to practical issues especially racism global warming moral education and abortion Providing a practical method for thinking about moral issues a method based largely on the golden rule it is written simply and clearly throughout College students who are new to philosophy or who have already taken an introductory level course will benefit from its use Key Features Serves as either the sole textbook for a lower level introduction to ethics moral philosophy course or a supplementary text for a more advanced undergraduate ethics course Provides clear direct writing throughout making each chapter easily accessible for an engaged undergraduate student Offers a philosophically rigorous presentation of the golden rule Includes helpful study aids including bolded technical terms boxes for key ideas summaries study questions and suggested readings for each chapter and a comprehensive glossary index at the back of the book Key Additions to the Third Edition Each chapter now offers additional optional sections on more advanced topics for students wishing to dig deeper into the material advanced topics include Kohlberg s moral psychology whether morality is gendered types of relativism early Greek ethics Hume and the prisoner s dilemma Other improvements include better chapter organization clearer explanations improved examples new names for key arguments and a better Kindle version An updated and improved EthCola instructional program with a score processing program teacher s manual and class slides which can be downloaded from the web for free from [www.harrycola.com/ec](http://www.harrycola.com/ec) or [www.harryhiker.com/ec](http://www.harryhiker.com/ec)     **The Gazette of the Union, Golden Rule, and Odd Fellows' Family Companion** ,1847     **A Handbook of Freethought** Various,2023-10-23 A Handbook of Freethought is a pioneering compilation that articulates the philosophy and principles of freethought embodying a rich tapestry of essays from various authors This anthology encompasses a range of topics from critiques of religious dogma to the advocacy for reason and scientific inquiry as foundational pillars of human understanding The literary style is characterized by clarity and fervent rationality reflecting the Enlightenment ideal of questioning dogma In its historical context the book emerges from the heightened intellectual climate of the 19th century a period marked by a growing skepticism of traditional beliefs and an embrace of empirical thinking The authors contributing to this anthology hail from diverse backgrounds united by their commitment to reason and inquiry Figures such as Paul Edwards and other noted freethought advocates were deeply influenced by the challenges of their time regarding religion and morality Their collective insights not only question prevailing ideologies but also aim to encourage a spirit of rational thought and independence forging a path towards a more enlightened and secular society This anthology is highly recommended for readers seeking to explore the underpinnings of

rational thought and critique of superstition Its relevance persists in contemporary discussions about faith science and philosophy making it essential reading for anyone interested in the evolution of secular thought and the ongoing quest for knowledge     *Golden Rules for Social Philosophy; or a new system of practical ethics. (Appendix to the “Golden Rules for the study of nature.”-Postscript to the “Golden Rules for Bankers.”)*. Sir Richard PHILLIPS,1826
