Fundamentals of Accounting Dr. Suni Ikharkar, In business numerous transactions take place every day. It is humanly impossible to remember all of them. With the help of accounting records, the businessman is able to ascertain the profit or loss and the financial position of the business at a given period and communicate such information to all interested parties. In this unit, you will learn about an overview of accounting and the basic concepts which are to be observed at the recording and reporting stage. You will also learn different stages involved in accounting process and importance of accounting standards to maintain uniformity in the practice of accounting. The purpose of this study material is to present an introduction to the subjects of MBA Semester I. The book contains the syllabus from basics of the subjects going into the intricacies of the subjects. All the concepts have been explained with relevant examples and diagrams to make it interesting for the readers. An attempt is made here by the experts of TMC to assist the students by way of providing Study Material as per the curriculum with noncommercial considerations. However, it is implicit that these are exam-oriented Study Material and students are advised to attend regular lectures in the Institute and utilize reference books available in the library for in-depth knowledge.
